Acacia

Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

Acacia dealbata Link
Common names: silver wattle
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2013.
JPM - 582, accepted, not in Oregon; JPM2 - 723, accepted, no geog. info. given.

Literature cited for Acacia
(Excluding the standard references unless specifically cited in the flora manuscript.)

Acmispon

Checklist contributor:
Flora contributor: treatment pending

Acmispon americanus (Nutt.) Rydb. var. americanus
Common names: Pursh's lotus
Origin: native
Voucher: ORE, most recently collected in 2012.
JPM2 - 725, accepted, in Oregon (implied).
Synonyms:
Hosackia americana (Nutt.) Piper
IL - 2:546, accepted, not in Oregon.
Lotus americanus (Nutt.) Bisch.
FPN - 264, synonym for Lotus purshianus, in Oregon (implied); IL - 2:546, synonym for Hosackia americana, given distribution: BC to Dakota, s to n Mexico and lower CA; PEK - 472, accepted, in Oregon (explicit).
Lotus purshianus Clem. & E.G. Clem. var. purshianus
JPM - 620, accepted, in Oregon (implied).

Acmispon brachycarpus (Benth.) D.D. Sokoloff
Common names: hill lotus
Origin: native
Voucher: ORE, most recently collected in 2009.
JPM2 - accepted, not in Oregon.
Synonyms:
Lotus humistratus Greene
IL - 2:545, synonym for Hosackia brachycarpa Benth., not in Oregon; IN - 3b:195, accepted, not in Oregon; JPM - 619, accepted, given distribution: CA-FP, D; to sw UT, w NM, Mex; PEK - 472, accepted, in Oregon (explicit).
Acmispon denticulatus (Drew) D.D. Sokoloff
Common names: meadow lotus
Origin: native
Voucher: ORE, most recently collected in 2003.
JPM2 - 726, accepted, in Oregon (implied).

Synonyms:
Hosackia denticulata Drew
IL - 2:545, accepted, in Oregon (explicit).

Lotus denticulatus (Drew) Greene
FPN - 264, accepted, in Oregon (implied); IL - 2:545, synonym for Hosackia denticulata, in Oregon (explicit); IN - 3b:195, accepted, in Oregon (explicit); JPM - 619, accepted, in Oregon (implied); PEK - 472, accepted, in Oregon (explicit); VP - 3:294, accepted, in Oregon (implied).

Acmispon nevadensis (S. Watson) Brouillet var. nevadensis
Common names: Nevada deervetch
Origin: native
Voucher: ORE, most recently collected in 1999.
JPM2 - 728, accepted, in Oregon (implied).

Synonyms:
Lotus nevadensis (S. Watson) Greene var. nevadensis
IN - 3b:197, accepted, not in Oregon; JPM - 620, accepted, in Oregon (implied).

Lotus nevadensis (S. Watson) Greene var. douglasii (Greene) Ottley
FPN - 265, accepted, in Oregon (implied); IN - 3b:197, accepted, in Oregon (implied).

Lotus douglasii Greene
FPN - 265, synonym for Lotus nevadensis var. douglasii, in Oregon (implied); IL - 2:547, synonym for Hosackia decumbens Benth., not in Oregon; PEK - 472, accepted, in Oregon (explicit).

Acmispon parviflorus (Benth.) D.D. Sokoloff
Common names: field lotus, small flowered lotus
Origin: native
Brouillet, 2008 - ; JPM2 - 728, accepted, in Oregon (implied).

Synonyms:
Lotus micranthus Benth.
FPN - 264, accepted, in Oregon (implied); IL - 2:545, synonym for Hosackia parviflora, in Oregon (implied); JPM - 620, accepted, in Oregon (implied); PEK - 472, accepted, in Oregon (explicit); VP - 3:294, accepted, in Oregon (implied).

Hosackia parviflora Benth.
IL - 2:545, accepted, in Oregon (implied).

Acmispon wrangelianus (Fisch. & C.A. Mey.) D.D. Sokoloff
Common names: hairy lotus
Origin: native
Voucher: ORE, most recently collected in 1967.
JPM2 - accepted, not in Oregon.

Synonyms:
Lotus wrangelianus Fisch. & C.A. Mey.
IL - 2:545, synonym for Hosackia subpinnata (Lag.) Torr. & A. Gray, not in Oregon; JPM - 622, accepted, not in Oregon.

Lotus subpinnatus Lag.
IL - 2:545, synonym for Hosackia subpinnata (Lag.) Torr. & A. Gray, not in Oregon; PEK - 472, accepted, in Oregon (explicit).

Literature cited for Acmispon
(Excluding the standard references unless specifically cited in the flora manuscript.)
Amorpha
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

Amorpha californica Nutt. ex Torr. & A. Gray
Common names: California false indigo
Origin: native
Voucher: OSC, most recently collected in 2005.
IL - 2:555, accepted, not in Oregon; JPM - 583, accepted, not in Oregon.

Amorpha fruticosa L.
Common names: false indigo
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2011.
IL - 2:555, excluded, not in Oregon, "[A. occidentalis] has been confused with A. fruticosa L. of eastern North America."; IN - 3b:28,
accepted, not in Oregon; JPM - 583, accepted, given distribution: c&s SCo, SnBr, PR; to s Can (Manitoba), e US, n Mex; JPM2 - 729,
accepted, in Oregon (implied).
Synonyms:
Amorpha occidentalis Abrams
IL - 2:555, accepted, not in Oregon.

Amorpha occidentalis Abrams
IL - 2:555, accepted, not in Oregon.

Literature cited for Amorpha
(Excluding the standard references unless specifically cited in the flora manuscript.)
Science Museum, Brigham Young University, Provo, UT.

Anthyllis
Checklist contributor:
Flora contributor: treatment pending

Anthyllis vulneraria L.
Common names: common kidneyvetch
Origin: exotic, not naturalized
Voucher: GHUNK, most recently collected in 1916.

Astragalus
Checklist contributor: Aaron Liston, 7/15/1995
Flora contributor: treatment pending

Astragalus accidens S. Watson var. accidens
Common names: Rogue River milkvetch
Origin: native
Voucher: ORE, most recently collected in 1981.
PEK - 487, (subtaxon implied), accepted, in Oregon (explicit).

Astragalus accidens S. Watson var. hendersonii (S. Watson) M.E. Jones
Common names: Henderson's milkvetch
Origin: native
Voucher: OSC, most recently collected in 2009.
IL - 2:606, synonym for Astragalus watsonii, in Oregon (explicit); JPM - 590, accepted, in Oregon (explicit); JPM2 - 737, accepted, in
Oregon (explicit); PEK - 487, accepted, in Oregon (explicit).
Synonyms:
Astragalus watsonii E. Sheld.
IL - 2:606, accepted, in Oregon (explicit).
**Astragalus agrestis Douglas ex G. Don**
Common names: purple milkvetch, field milkvetch
Origin: native
Voucher: OSC, most recently collected in 1996.
FPN - 234, 246, accepted, in Oregon (implied); IN - 3b:120, accepted, not in Oregon; JPM - 590, accepted, given distribution: MP; to Rocky Mtns, also Asia; JPM2 - 737, accepted, not in Oregon; PEK - 488, accepted, in Oregon (explicit).

**Synonyms:**
- *Astragalus goniatus Nutt.*
  FPN - 234, synonym for Astragalus agrestis, in Oregon (implied); IL - 2:607, accepted, in Oregon (implied).
- *Astragalus dasyglottis Fisch. ex DC.*
  FPN - 234, synonym for Astragalus agrestis, in Oregon (implied); VP - 3:231, accepted, in Oregon (implied).

**Astragalus alpinus L. var. alpinus**
Common names: alpine milkvetch
Origin: native
Voucher: OSC, most recently collected in 2013.

**Misapplied names:**
- *Astragalus alpiniformis (Rydb.) M. Peck* 
  invalid name, misapplied
  PEK - 483, accepted, in Oregon (explicit).

**Astragalus alvordensis M.E. Jones**
Common names: Alvord milkvetch
Origin: native
Voucher: OSC, most recently collected in 2008.
IL - 2:574, accepted, in Oregon (explicit); IN - 3b:74, accepted, in Oregon (explicit); PEK - 479, accepted, in Oregon (explicit).

**Astragalus applegatei M. Peck**
Common names: Applegate's milkvetch
Origin: native
Voucher: OSC, most recently collected in 2013.
IL - 2:571, accepted, in Oregon (explicit); PEK - 478, accepted, in Oregon (explicit).

**Astragalus arthuri M.E. Jones**
Common names: Arthur's milkvetch
Origin: native
Voucher: OSC, most recently collected in 2002.
FPN - 244, accepted, in Oregon (explicit); VP - 3:220, accepted, in Oregon (explicit).

**Synonyms:**
- *Astragalus arthurii M.E. Jones* 
  orthographic variant
  IL - 2:590, accepted, not in Oregon; PEK - 484, accepted, in Oregon (explicit).

**Astragalus atratus S. Watson var. owyheensis (A. Nelson & J.F. Macbr.) M.E. Jones**
Common names: mourning milkvetch
Origin: native
Voucher: OSC, most recently collected in 2011.
FPN - 232, 254, accepted, in Oregon (explicit); IL - 2:594, synonym for Astragalus owyheensis, in Oregon (explicit); IN - 3b:98, accepted, in Oregon (explicit); VP - 3:220, accepted, in Oregon (explicit).

**Synonyms:**
  IL - 2:594, accepted, in Oregon (explicit); PEK - 485, accepted, in Oregon (explicit).
Astragalus australis (L.) Lam. var. glabriusculus (Hook.) Isely
Common names: aboriginal milkvetch

Synonyms:
Astragalus forwoodii S. Watson var. wallowensis (Rydb.) M. Peck
IL - 2:589, accepted, in Oregon (explicit).

Astragalus aboriginum Richardson
FPN - 258, accepted, in Oregon (explicit); GWM - 213, accepted, in Oregon (explicit); PEK - 483, accepted, in Oregon (explicit); VP - 3:215, accepted, in Oregon (explicit).

Astragalus beckwithii Torr. & A. Gray var. weiserensis M.E. Jones
Common names: Weiser's milkvetch
Origin: native Voucher: OSC, most recently collected in 2011.
FPN - 240, 258, accepted, in Oregon (explicit); IL - 2:590, synonym for Astragalus weiserensis, in Oregon (explicit); IN - 3b:147, accepted, in Oregon (explicit).

Synonyms:
Astragalus weiserensis (M.E. Jones) Abrams
IL - 2:590, accepted, in Oregon (explicit).

Astragalus californicus (A. Gray) Greene
Common names: California milkvetch
IL - 2:573, accepted, not in Oregon; JPM - 591, accepted, in Oregon (explicit); JPM2 - 738, accepted, in Oregon (explicit); PEK - 477, accepted, in Oregon (explicit).

Astragalus calycosus Torr. var. calycosus
Common names: Torrey's milkvetch
JPM - 591, accepted, not in Oregon; JPM2 - 738, accepted, not in Oregon.

Astragalus canadensis L. var. brevidens (Gand.) Barneby
Common names: short Canadian milkvetch
FPN - 231, 254, accepted, in Oregon (implied); IN - 3b:118, accepted, in Oregon (implied); JPM - 591, accepted, in Oregon (implied); JPM2 - 738, accepted, in Oregon (implied); PEK - 487, accepted, in Oregon (explicit); VP - 3:223, accepted, in Oregon (implied).

Synonyms:
Astragalus brevidens Rydb.
FPN - 231, synonym for Astragalus canadensis var. brevidens, in Oregon (implied); IL - 2:607, accepted, in Oregon (explicit).

Astragalus canadensis L. var. mortonii (Nutt.) S. Watson
Common names: Morton's Canadian milkvetch
Origin: native Voucher: OSC, most recently collected in 2002.
FPN - 231, 254, accepted, not in Oregon; GWM - 213, accepted, in Oregon (explicit); IL - 2:607, synonym for Astragalus mortonii, in Oregon (implied); PEK - 488, accepted, in Oregon (explicit); VP - 3:223, accepted, not in Oregon.

Synonyms:
Astragalus mortonii Nutt.
FPN - 231, synonym for Astragalus canadensis var. mortonii, not in Oregon; IL - 2:607, accepted, in Oregon (implied).
Astragalus caricinus (M.E. Jones) Barneby
Common names: buckwheat milkvetch
Origin: native
Voucher: OSC, most recently collected in 2004.
FPN - 236, 248, accepted, in Oregon (explicit); IN - 3b:174, accepted, in Oregon (explicit).
Synonyms:
Astragalus lyallii A. Gray var. caricinus M.E. Jones
IN - 3b:174, synonym for Astragalus caricinus, in Oregon (explicit); VP - 3:245, accepted, in Oregon (explicit).
Astragalus lyallii A. Gray
FPN - 247, accepted, not in Oregon; IL - 2:609, accepted, not in Oregon; PEK - 488, accepted, in Oregon (explicit).

Astragalus collinus (Hook.) Douglas ex G. Don var. collinus
Common names: hillside milkvetch
Origin: native
Voucher: OSC, most recently collected in 2002.
FPN - 240, 249, accepted, in Oregon (explicit); VP - 3:226, accepted, in Oregon (explicit).

Astragalus collinus (Hook.) Douglas ex G. Don var. laurentii (Rydb.) Barneby
Common names: Laurent's milkvetch
Origin: native
Voucher: OSC, most recently collected in 2010.
FPN - 240, 249, accepted, in Oregon (explicit); VP - 3:226, accepted, in Oregon (explicit).
Synonyms:
Astragalus laurentii (Rydb.) M. Peck
IL - 2:574, accepted, in Oregon (explicit); PEK - 477, accepted, in Oregon (explicit).

Astragalus conjunctus S. Watson var. conjunctus
Common names: Idaho milkvetch
Origin: native
Voucher: ORE, most recently collected in 2010.
IL - 2:595, (subtaxon implied), accepted, in Oregon (explicit).

Astragalus conjunctus S. Watson var. rickardii S.L. Welsh, K.A. Beck & Caplow
Common names: stiff milkvetch
Origin: native
Voucher: OSC, most recently collected in 1999.

Astragalus curvicarpus (A. Heller) J.F. Macbr. var. brachycodon (Barneby) Barneby
Common names: curvepod sickle milkvetch
Origin: native
Voucher: OSC, most recently collected in 2000.
FPN - 240, 257, accepted, in Oregon (explicit).
Synonyms:
Astragalus reventus A. Gray var. conjunctus (S. Watson) M.E. Jones
FPN - 234, synonym for Astragalus conjunctus, in Oregon (explicit); VP - 3:257, accepted.
Astragalus whitedii Piper var. brachycodon Barneby
PEK - 478, accepted, in Oregon (explicit).
Astragalus curvicarpus (A. Heller) J.F. Macbr. var. curvicarpus
Common names: sickle milkvetch
Origin: native
Voucher: OSC, most recently collected in 2008.
FPN - 240, 257, accepted, in Oregon (explicit); JPM - 592, accepted, in Oregon (explicit); JPM2 - 739, accepted, in Oregon (explicit); VP - 3:230, accepted, in Oregon (explicit).

Misapplied names:
Astragalus whitcedii Piper
FPN - 242,258, synonym for Astragalus sinuatus, not in Oregon; IL - 2:573, accepted, in Oregon (explicit); PEK - 478, accepted.

Astragalus speirocarpus A. Gray
FPN - 242, 257, accepted, given distribution: CR; Yakima, Kittitas, Klickitat, and Benton cos, Wn; IL - 2:574, accepted, in Oregon (explicit); PEK - 479, accepted, in Oregon (explicit); VP - 3:264, accepted, not in Oregon.

Astragalus gibbsii Kellogg
IL - 2:573, accepted, in Oregon (explicit); IN - 3b:77, accepted, not in Oregon; JPM - 594, accepted, not in Oregon; JPM2 - 740, accepted, not in Oregon.

Astragalus whitcedii Piper var. whitcedii
PEK - 478, (subtaxon implied), accepted, in Oregon (explicit).

Astragalus curvicarpus (A. Heller) J.F. Macbr. var. subglaber (Rydb.) Barneby
Common names: glabrous sickle milkvetch
Origin: native
Voucher: OSC, most recently collected in 2003.
FPN - 240, 257, accepted, in Oregon (explicit); VP - 3:230, accepted, in Oregon (explicit).

Synonyms:
Astragalus subglaber (Rydb.) M. Peck
IL - 2:573, accepted, in Oregon (explicit); PEK - 478, accepted, in Oregon (explicit).

Astragalus cusickii A. Gray var. cusickii
Common names: Cusick's milkvetch
Origin: native
Voucher: OSC, most recently collected in 2010.
FPN - 233, 249, accepted, given distribution: SRC, from mouth of Grande Ronde R to Weiser, Ida; IN - 3b:80, accepted, in Oregon (explicit); VP - 3:231, accepted, in Oregon (explicit).

Astragalus cusickii A. Gray var. sterilis (Barneby) Barneby
Common names: sterile milkvetch
Origin: native
Voucher: OSC, most recently collected in 2007.
IN - 3b:80, accepted, in Oregon (explicit).

Synonyms:
Astragalus sterilis Barneby
PEK - 482, accepted, in Oregon (explicit).

Astragalus diaphanus Douglas ex Hook. var. diaphanus
Common names: transparent milkvetch
Origin: native
Voucher: OSC, most recently collected in 2010.
PEK - 482, (subtaxon implied), accepted, in Oregon (explicit).

Synonyms:
Astragalus drepanolobus A. Gray
FPN - 244, synonym for Astragalus diaphanus, in Oregon (explicit); IL - 2:602, accepted, in Oregon (explicit).

Astragalus curvicarpus (A. Heller) J.F. Macbr. var. subglaber (Rydb.) Barneby
Common names: glabrous sickle milkvetch
Origin: native
Voucher: OSC, most recently collected in 2003.
FPN - 240, 257, accepted, in Oregon (explicit); VP - 3:230, accepted, in Oregon (explicit).

Synonyms:
Astragalus subglaber (Rydb.) M. Peck
IL - 2:573, accepted, in Oregon (explicit); PEK - 478, accepted, in Oregon (explicit).
Astragalus diaphanus Douglas ex Hook. var. diurnus (S. Watson) Barneby ex M. Peck
Common names: John Day milkvetch
Origin: native
Voucher: OSC, most recently collected in 1988.
PEK - 482, accepted, in Oregon (explicit).

Synonyms:
Astragalus diurnus S. Watson
Barneby, 1964 - ; FPN - 244, synonym for Astragalus diaphanus, in Oregon (explicit); IL - 2:586, accepted, in Oregon (explicit); KZ - 1:272, accepted; PEK - 482, synonym for Astragalus diaphanus var. diurnus, in Oregon (explicit); VP - 3:233, accepted, in Oregon (explicit).

Astragalus drummondii Douglas ex Hook.
Common names: Drummond's milkvetch
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 1927.
Barneby, 1964 - ; FPN - 234, 260, accepted, not in Oregon; IN - 3b:100, accepted, in Oregon (implied); VP - 3:234, accepted, not in Oregon.

Astragalus eremiticus E. Sheld.
Common names: hermit milkvetch
Origin: native
Voucher: OSC, most recently collected in 2008.
FPN - 240, 260, accepted, in Oregon (explicit); IL - 2:594, accepted, in Oregon (explicit); IN - 3b:108, accepted, in Oregon (explicit); VP - 3:234, accepted, in Oregon (explicit).

Synonyms:
Astragalus eremiticus E. Sheld. var. eremiticus
VP - 3:234, accepted, not in Oregon.
Astragalus eremiticus E. Sheld. var. malheurensis (A. Heller) Barneby
PEK - 485, accepted, in Oregon (explicit).
Astragalus malheurensis A. Heller
IL - 2:594, accepted, in Oregon (explicit).
Astragalus eremiticus E. Sheld. var. spencianus M.E. Jones
PEK - 484, accepted, in Oregon (explicit).

Astragalus filipes Torr. ex A. Gray
Common names: threadstalk milkvetch
Origin: native
Voucher: OSC, most recently collected in 2013.
FPN - 233, 259, accepted, in Oregon (explicit); IL - 2:570, accepted, in Oregon (explicit); IN - 3b:78, accepted, in Oregon (implied); JPM - 594, accepted, in Oregon (implied); JPM2 - 740, accepted, in Oregon (implied); VP - 3:236, accepted, in Oregon (explicit).

Synonyms:
Astragalus stenophyllus Torr. & A. Gray var. stenophyllus
PEK - 477, (subtaxon implied), accepted, in Oregon (explicit).
Astragalus stenophyllus Torr. & A. Gray
FPN - 233, 241, ambiguous synonym, in Oregon (explicit), misapplied to A. filipes (p 233) and A. atropubescens (p. 241); IL - 2:570, accepted, in Oregon (implied); PEK - 477, accepted, in Oregon (explicit); VP - 3:265, accepted, not in Oregon.
Astragalus stenophyllus Torr. & A. Gray var. filipes (Torr. ex A. Gray) Tidestr.
PEK - 478, accepted, in Oregon (explicit).

Astragalus gambelianus E. Sheld.
Common names: Gambel milkvetch
Origin: native
Voucher: ORE, most recently collected in 2002.
IL - 2:610, accepted, not in Oregon; JPM - 594, accepted, in Oregon (explicit); JPM2 - 740, accepted, in Oregon (explicit); PEK - 489, accepted, in Oregon (explicit).
Astragalus geyeri A. Gray
Common names: Geyer's milkvetch
Origin: native
Voucher: OSC, most recently collected in 2005.
FPN - 244, 246, accepted, in Oregon (explicit); IL - 2:586, accepted, in Oregon (explicit); PEK - 482, accepted, in Oregon (explicit); VP - 3:237, accepted, in Oregon (explicit).

Synonyms:
- Astragalus geyeri A. Gray var. geyeri
  IN - 3b:156, accepted, not in Oregon; JPM - 594, accepted, in Oregon (implied); JPM2 - 740, accepted, in Oregon (implied).

Astragalus hoodianus Howell
Common names: Hood River milkvetch
Origin: native
Voucher: ORE, most recently collected in 2006.
FPN - 234, 255, accepted, in Oregon (explicit); IL - 2:575, accepted, in Oregon (explicit); PEK - 479, accepted, in Oregon (explicit).

Synonyms:
- Astragalus reventus A. Gray var. oxytropidoides (M.E. Jones) C.L. Hitchc.
  FPN - 234, synonym for Astragalus hoodianus, in Oregon (explicit); VP - 3:257, accepted, in Oregon (explicit).
- Cnemidophacos knowlesianus Rydb.
  IL - 2:575, accepted, in Oregon (explicit).
- Astragalus conjunctus S. Watson var. oxytropidoides M.E. Jones
  FPN - 234, synonym for Astragalus hoodianus, in Oregon (explicit); IL - 2:595, accepted, in Oregon (explicit).

Astragalus howellii A. Gray
Common names: Howell's milkvetch
Origin: native
Voucher: OSC, most recently collected in 2009.
FPN - 242, 259, accepted, in Oregon (implied); IL - 2:591, accepted, in Oregon (explicit); PEK - 484, accepted, in Oregon (explicit).

Synonyms:
- Astragalus howellii A. Gray var. howellii
  VP - 3:239, accepted, in Oregon (explicit).

Astragalus inflexus Douglas ex Hook.
Common names: bent milkvetch
Origin: native
Voucher: OSC, most recently collected in 2011.
FPN - 238, 248, accepted, in Oregon (explicit); IL - 2:577, accepted, in Oregon (explicit); PEK - 480, accepted, in Oregon (explicit); VP - 3:241, accepted, in Oregon (explicit).

Astragalus iodanthus S. Watson var. diaphanoides Barneby
Common names: violet milkvetch
Origin: native
Voucher: ORE, most recently collected in 2010.
IN - 3b:164, accepted, in Oregon (explicit); JPM2 - 742, accepted, in Oregon (explicit); PEK - 480, accepted, in Oregon (explicit).

Astragalus iodanthus S. Watson var. iodanthus
Common names: Humbolt River milkvetch
Origin: native
Voucher: OSC, most recently collected in 1986.
IN - 3b:164, accepted, in Oregon (explicit); JPM - 596, accepted, in Oregon (explicit); JPM2 - 742, accepted, in Oregon (explicit); PEK - 480, (subtaxon implied), accepted, in Oregon (explicit).

Astragalus kentrophyta A. Gray var. jessiae (M. Peck) Barneby
Common names: spiny milkvetch
Origin: native
Voucher: OSC, most recently collected in 1985.
IN - 3b:84, accepted, in Oregon (explicit); PEK - 476, accepted, in Oregon (explicit).
Astragalus kentrophyta A. Gray var. tegetarius (S. Watson) Dorn
Common names: mat milkvetch
Origin: native
Voucher: OSC, most recently collected in 1993.
IN - 3b:84, accepted, in Oregon (explicit); JPM - 596, accepted, in Oregon (explicit); JPM2 - 742, accepted, in Oregon (explicit).

Synonyms:
Astragalus kentrophyta A. Gray var. implexus (Canby ex Porter & J.M. Coult.) Barneby
FPN - 246, accepted, in Oregon (explicit); GWM - 214, accepted, in Oregon (explicit).

Astragalus tegetarius S. Watson
FPN - 230, synonym for Astragalus kentrophyta var. implexus, in Oregon (explicit); IL - 2:568, accepted, in Oregon (explicit); VP - 3:266, accepted, in Oregon (explicit).

Astragalus kentrophyta A. Gray var. douglasii Barneby
FPN - 230, accepted, not in Oregon.

Misapplied names:
Astragalus kentrophyta A. Gray var. elatius S. Watson
IL - 2:568, synonym for Astragalus impensus (Sheldon) Woot. & Standl., not in Oregon; IN - 3b:84, accepted, not in Oregon; PEK - 476, accepted, in Oregon (explicit); VP - 3:241, accepted, in Oregon (explicit).

Astragalus lemmonii A. Gray
Common names: Lemmon's milkvetch
Origin: native
Voucher: OSC, most recently collected in 1957.
FPN - 244, 247, accepted, in Oregon (explicit); IL - 2:609, accepted, in Oregon (explicit); IN - 3b:172, accepted, in Oregon (explicit); JPM - 596, accepted, in Oregon (explicit); JPM2 - 742, accepted, in Oregon (explicit); PEK - 488, accepted, in Oregon (explicit); VP - 3:242, accepted, in Oregon (explicit).

Astragalus lentiginosus Douglas ex Hook. var. chartaceus M.E. Jones
Common names: papery freckled milkvetch
Origin: native
Voucher: OSC, most recently collected in 2008.
IL - 2:599, synonym for Astragalus salinus, in Oregon (explicit); IN - 3b:159, accepted, in Oregon (implied); JPM2 - 742, accepted, in Oregon (explicit).

Synonyms:
Astragalus lentiginosus Douglas ex Hook. var. platyphyllidius (Rydb.) M. Peck
FPN - 250, accepted, in Oregon (explicit); JPM - 598, accepted, in Oregon (explicit); PEK - 486, accepted, in Oregon (explicit); VP - 3:242, accepted, in Oregon (explicit).

Astragalus lentiginosus Douglas ex Hook. var. floribundus A. Gray
Common names: floriferous freckled milkvetch
Origin: native
Voucher: RSA, most recently collected in 1940.

Checklist contributor:
Flora contributor: treatment pending

Hosackia crassifolia Benth. var. crassifolia
Common names: big deervetch
Origin: native
Voucher: ORE, most recently collected in 2007.
JPM2 - 758, accepted, in Oregon (implied).

Synonyms:
Lotus crassifolius (Benth.) Greene var. crassifolius
FPN - 265, accepted, in Oregon (explicit); JPM - 619, accepted, in Oregon (implied); VP - 3:294, accepted, in Oregon (explicit).

Hosackia gracilis Benth.
Common names: seaside lotus
Origin: native
IL - 2:541, accepted, in Oregon (implied); JPM2 - 758, accepted, in Oregon (implied).

Synonyms:
Lotus formosissimus Greene
Brouillet, 2008 - ; FPN - 265, accepted, in Oregon (implied); IL - 2:541, synonym for Hosackia gracilis, in Oregon (implied); JPM - 619, accepted, not in Oregon; PEK - 471, accepted, in Oregon (explicit); VP - 3:294, accepted, in Oregon (implied).

Hosackia oblongifolia Benth. var. oblongifolia
Common names: streambank birdsfoot trefoil
Origin: native
Voucher: ORE, most recently collected in 2012.
JPM2 - 758, accepted, in Oregon (explicit).

Synonyms:
Lotus torreyi (A. Gray) Greene
PEK - 471, accepted, in Oregon (explicit).

Hosackia torreyi A. Gray
IL - 2:542, accepted, in Oregon (explicit).
Lotus oblongifolius (Benth.) Greene var. oblongifolius
JPM - 620, accepted, not in Oregon.

Hosackia pinnata (Hook.) Abrams
Common names: bog deervetch
Origin: native
Voucher: ORE, most recently collected in 2007.
IL - 2:541, accepted, given distribution: Puget Sound to n Idaho and s to central Sierra Nevada; JPM2 - 758, accepted, in Oregon (implied).

Synonyms:
Lotus pinnatus Hook.
FPN - 265, accepted, in Oregon (implied); IL - 2:541, synonym for Hosackia pinnata, given distribution: Puget Sound to n Idaho and s to the central Sierra Nevada; JPM - 620, accepted, in Oregon (implied); PEK - 471, accepted, in Oregon (explicit); VP - 3:296, accepted, in Oregon (implied).
**Hosackia rosea Eastw.**
Common names: rosy birdsfoot trefoil
Origin: native
Voucher: ORE, most recently collected in 2013.
FPN - 265, synonym for Lotus crassifolius var. subglaber, in Oregon (implied); IL - 2:541, accepted, in Oregon (implied); JPM2 - 758, accepted, in Oregon (implied).

Synonyms:
- *Lotus aboriginus* Jeps.
  - IL - 2:541, synonym for Hosackia rosea, in Oregon (implied); JPM - 618, accepted, in Oregon (implied); PEK - 471, accepted, in Oregon (explicit).
- *Lotus crassifolius* (Benth.) Greene var. subglaber (Ottley) C.L. Hitchc.
  - FPN - 265, accepted, in Oregon (implied); VP - 3:294, accepted, in Oregon (implied).

**Hosackia stipularis Benth. var. ottleyi (Isely) Brouillet**
Common names: thicket lotus, pine lotus
Origin: native
Voucher: OSC, most recently collected in 1997.

Synonyms:
- *Lotus stipularis* (Benth.) Greene var. ottleyi Isely
  - JPM - 622, accepted, not in Oregon.

**Literature cited for Hosackia**
(Excluding the standard references unless specifically cited in the flora manuscript.)

**Laburnum**
Checklist contributor: 
Flora contributor: treatment pending

**Laburnum anagyroides Medik.**
Common names: golden chain tree
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 2012.

**Ladeania**
Checklist contributor: 
Flora contributor: treatment pending

**Ladeania lanceolata (Pursh) A.N. Egan & Reveal**
Common names: lanceleaf scurf pea
Origin: native
Voucher: OSC, most recently collected in 2008.
JPM2 - 758, accepted, not in Oregon.

Synonyms:
- *Psoralidium lanceolatum* (Pursh) Rydb.
  - JPM - 642, accepted, given distribution: GB; to c Can, c US.
- *Psoralea lanceolata* Pursh ssp. lanceolata
  - IL - 2:554, (subtaxon implied), accepted, no geog. info. given; PEK - 473, (subtaxon implied), accepted, in Oregon (explicit).
- *Psoralea lanceolata* Pursh
  - FPN - 273, accepted, in Oregon (implied); IL - 2:554, accepted, in Oregon (explicit); IN - 3b:22, accepted, in Oregon (implied); VP - 3:349, accepted, in Oregon (implied).
- *Psoralea lanceolata* Pursh ssp. scabra (Nutt.) Piper
  - IL - 2:554, accepted, in Oregon (explicit); PEK - 473, accepted, in Oregon (explicit).
Lathyrus
Checklist contributor: Steven Broich, 3/3/1995
Flora contributor: Steven Broich

Lathyrus angulatus L.
Common names: angled pea
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2011.
JPM - 613, accepted, in Oregon (explicit); JPM2 - 761, accepted, in Oregon (explicit); PEK - 497, accepted, in Oregon (explicit).

Lathyrus aphaca L.
Common names: yellow vetchling
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2010.
FPN - 262, accepted, in Oregon (explicit); IL - 2:619, accepted, in Oregon (explicit); JPM - 613, accepted, in Oregon (implied); PEK - 497, accepted, in Oregon (explicit); VP - 3:280, accepted, in Oregon (explicit).

Lathyrus brownii Eastw.
Common names: few flowered pea
Origin: native
Voucher: OSC, most recently collected in 1993.
JPM - 613, accepted, in Oregon (explicit); JPM2 - 761, accepted, in Oregon (explicit).
Synonyms:
Lathyrus lanszwertii Kellogg var. brownii (Eastw.) Jeps.
IN - 3b:208, accepted, in Oregon (explicit).
Lathyrus schaffneri Rydb.
IL - 2:626, accepted, in Oregon (explicit).
Lathyrus pauciflorus Fernald ssp. brownii (Eastw.) Piper
FPN - 264, accepted, in Oregon (explicit); PEK - 495, accepted, in Oregon (explicit); VP - 3:288, accepted, in Oregon (explicit).

Lathyrus delnorticus C.L. Hitchc.
Common names: Del Norte pea
Origin: native
Voucher: OSC, most recently collected in 2002.
JPM - 613, accepted, in Oregon (explicit); JPM2 - 761, accepted, in Oregon (explicit); PEK - 494, accepted, in Oregon (explicit).

Lathyrus hirsutus L.
Common names: rough peavine
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2012.
FPN - 262, accepted, in Oregon (explicit); IL - 2:619, accepted, in Oregon (explicit); JPM - 613, accepted, not in Oregon; JPM2 - 761, accepted, not in Oregon; PEK - 497, accepted, not in Oregon; VP - 3:282, accepted, in Oregon (explicit).

Lathyrus holochlorus (Piper) C.L. Hitchc.
Common names: thin leaved peavine
Origin: native
Voucher: OSC, most recently collected in 2007.
FPN - 263, accepted, in Oregon (explicit); PEK - 494, accepted, in Oregon (explicit); VP - 3:282, accepted, in Oregon (explicit).

Lathyrus japonicus Willd. var. glaber (Ser.) Fernald
Common names: maritime peavine, beach pea
Origin: native
Voucher: OSC, most recently collected in 2008.
PEK - 494, accepted, in Oregon (explicit).
Synonyms:
Lathyrus maritimus (L.) Bigelow
FPN - 262, synonym for Lathyrus japonicus, no geog. info. given; IL - 2:623, accepted, in Oregon (implied).
Lathyrus lanszwertii Kellogg var. aridus (Piper) Jeps.
Common names: Nevada peavine
Origin: native
Voucher: OSC, most recently collected in 2010.
FPN - 263, accepted, in Oregon (implied); IN - 3b:208, accepted, in Oregon (explicit); JPM - 613, accepted, in Oregon (implied); JPM2 - 762, accepted, in Oregon (implied).

Synonyms:
Lathyrus lanszwertii Kellogg ssp. aridus (Piper) Bradshaw
IL - 2:622, accepted, in Oregon (implied); PEK - 495, accepted, in Oregon (explicit).

Lathyrus lanszwertii Kellogg var. lanszwertii
Common names: Lanzwert's peavine
Origin: native
Voucher: OSC, most recently collected in 2006.
FPN - 263, accepted, in Oregon (implied); IN - 3b:208, accepted, in Oregon (implied); JPM - 614, accepted, in Oregon (implied); JPM2 - 762, accepted, in Oregon (implied).

Synonyms:
Lathyrus lanszwertii Kellogg ssp. lanszwertii
IL - 2:622, (subtaxon implied), accepted, in Oregon (implied); PEK - 495, (subtaxon implied), accepted, in Oregon (explicit).

Lathyrus latifolius L.
Common names: perennial peavine, everlasting pea
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2007.
FPN - 262, accepted, in Oregon (implied); IL - 2:619, accepted, in Oregon (implied); IN - 3b:210, accepted, in Oregon (implied); JPM - 614, accepted, given distribution: CA-FP; sporadic to e US; native to Eur; JPM2 - 762, accepted, not in Oregon; PEK - 496, accepted, in Oregon (explicit).

Lathyrus littoralis (Nutt.) Endl.
Common names: beach peavine, gray beach pea
Origin: native
Voucher: OSC, most recently collected in 2001.
FPN - 263, accepted, in Oregon (implied); IL - 2:619, accepted, in Oregon (explicit); JPM - 614, accepted, in Oregon (implied); JPM2 - 762, accepted, in Oregon (implied).

Lathyrus nevadensis S. Watson var. cusickii (S. Watson) S.L. Broich
Common names: Cusick's peavine
Origin: native
Voucher: OSC, most recently collected in 2001.

Synonyms:
Lathyrus cusickii S. Watson
IL - 2:619, accepted, in Oregon (explicit).

Lathyrus nevadensis S. Watson ssp. cusickii (S. Watson) C.L. Hitchc.
FPN - 263, accepted, in Oregon (explicit); GWM - 217, accepted, in Oregon (explicit); PEK - 496, accepted, in Oregon (explicit); VP - 3:285, accepted, in Oregon (explicit).
Lathyrus nevadensis S. Watson var. nevadensis

Common names: Sierra peavine
Origin: native
Voucher: OSC, most recently collected in 2009.
JPM - 614, accepted, not in Oregon; JPM2 - 762, accepted, in Oregon (implied); PEK - 496, (subtaxon implied), accepted, in Oregon (explicit).

Synonyms:
Lathyrus nevadensis S. Watson var. pilosellus (M. Peck) C.L. Hitchc.
FPN - 263, accepted, in Oregon (implied); VP - 3:285, accepted, in Oregon (implied).

Lathyrus numtallii S. Watson
FPN - 263, synonym for Lathyrus nevadensis var. pilosellus, in Oregon (implied); IL - 2:622, accepted, in Oregon (explicit).

Lathyrus nevadensis S. Watson ssp. lanceolatus (Howell) C.L. Hitchc.
FPN - 263, accepted, in Oregon (implied); VP - 3:285, accepted, no geog. info. given.

Lathyrus nevadensis S. Watson ssp. nevadensis
FPN - 263, accepted, in Oregon (explicit); IL - 2:622, (subtaxon implied), accepted, in Oregon (implied); VP - 3:285, accepted, in Oregon (explicit).

Lathyrus nevadensis S. Watson var. nuttallii (S. Watson) C.L. Hitchc.
PEK - 496, accepted, in Oregon (explicit).

Lathyrus nissolia L.
Common names: grass vetchling
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 1984.

Lathyrus palustris L.
Common names: marsh peavine
Origin: native
Voucher: OSC, most recently collected in 2003.
FPN - 262, accepted, in Oregon (implied); IL - 2:623, accepted, in Oregon (implied); JPM - 614, accepted, in Oregon (implied); JPM2 - 762, accepted, in Oregon (implied); PEK - 494, accepted, in Oregon (explicit); VP - 3:286, accepted, in Oregon (implied).

Lathyrus pauciflorus Fernald var. pauciflorus
Common names: few flowered peavine
Origin: native
Voucher: OSC, most recently collected in 2012.
FPN - 264, accepted, in Oregon (explicit); GWM - 217, accepted, in Oregon (explicit).

Synonyms:
Lathyrus pauciflorus Fernald ssp. tenuior Piper
IL - 2:626, accepted, not in Oregon, subspecific epithet is spelled tenuior..

Lathyrus pauciflorus Fernald ssp. pauciflorus
FPN - 264, accepted, in Oregon (explicit), [not terminal - two varieties of this ssp. recognized]; IL - 2:626, (subtaxon implied), accepted, in Oregon (implied); PEK - 495, (subtaxon implied), accepted, in Oregon (explicit); VP - 3:288, accepted, no geog. info. given.

Lathyrus pauciflorus Fernald var. utahensis (M.E. Jones) R.J. Davis
Common names: Utah peavine
Origin: native
Voucher: OSC, most recently collected in 1983.
FPN - 264, accepted, in Oregon (explicit); GWM - 217, accepted, in Oregon (explicit); VP - 3:288, accepted, in Oregon (explicit).

Lathyrus polyphyllus Nutt.
Common names: leafy peavine
Origin: native
Voucher: OSC, most recently collected in 2009.
FPN - 264, accepted, in Oregon (implied); IL - 2:623, accepted, in Oregon (implied); JPM - 614, accepted, in Oregon (implied); JPM2 - 762, accepted, in Oregon (implied); PEK - 495, accepted, in Oregon (explicit); VP - 3:288, accepted, in Oregon (implied).
Lathyrus rigidus T.G. White  
Common names: bushy peavine  
Origin: native  
Voucher: OSC, most recently collected in 2011.  
FPN - 263, accepted, in Oregon (explicit); GWM - 217, accepted, in Oregon (explicit); IL - 2:622, accepted, in Oregon (explicit); IN - 3b:208, accepted, in Oregon (explicit); JPM - 614, accepted, in Oregon (explicit); JPM2 - 762, accepted, in Oregon (explicit); PEK - 496, accepted, in Oregon (explicit); VP - 3:290, accepted, in Oregon (explicit).

Lathyrus sativus L.  
Common names: white peavine  
Origin: exotic, not naturalized  
Voucher: OSC, most recently collected in 1952.

Lathyrus sphaericus Retz.  
Common names: grass peavine, grass pea  
Origin: exotic, naturalized  
Voucher: OSC, most recently collected in 2010.  
FPN - 262, accepted, in Oregon (explicit); JPM - 614, accepted, in Oregon (explicit); JPM2 - 762, accepted, in Oregon (explicit); PEK - 497, accepted, in Oregon (explicit); VP - 3:290, accepted, in Oregon (explicit).

Lathyrus sulphureus W.H. Brewer ex A. Gray  
Common names: sulphur pea  
Origin: native  
Voucher: OSC, most recently collected in 2007.  
IL - 2:623, accepted, in Oregon (implied); JPM - 614, accepted, in Oregon (explicit); JPM2 - 762, accepted, in Oregon (explicit); PEK - 494, accepted, in Oregon (explicit).  
Synonyms:  
Lathyrus nevadensis S. Watson ssp. stipulaceus (T.G. White) Bradshaw  
IL - 2:622, accepted, not in Oregon.  
Lathyrus sulphureus W.H. Brewer ex A. Gray var. sulphureus  
IL - 2:623, (subtaxon implied), accepted, in Oregon (implied).

Lathyrus sylvestris L.  
Common names: flat peavine  
Origin: exotic  
Voucher: OSC, most recently collected in 2010.  
FPN - 262, accepted, in Oregon (explicit); PEK - 497, accepted, in Oregon (explicit); Simpson, 2003 -, in Oregon (explicit); VP - 3:290, accepted, in Oregon (explicit).

Lathyrus tingitanus L.  
Common names: tangier pea  
Origin: exotic, naturalized  
Voucher: OSC, most recently collected in 2005.  
FPN - 262, accepted, in Oregon (explicit); IL - 2:619, accepted, in Oregon (explicit); JPM - 614, accepted, in Oregon (explicit); JPM2 - 762, accepted, in Oregon (explicit); PEK - 497, accepted, in Oregon (explicit); Simpson, 2003 -, in Oregon (explicit); VP - 3:290, accepted, in Oregon (explicit).

Lathyrus torreyi A. Gray  
Common names: Torrey's pea  
Origin: native  
Voucher: OSC, most recently collected in 2001.  
FPN - 263, accepted, in Oregon (implied); IL - 2:619, accepted, in Oregon (implied); JPM - 614, accepted, in Oregon (implied); JPM2 - 762, accepted, in Oregon (implied); PEK - 496, accepted, in Oregon (explicit); VP - 3:290, accepted, in Oregon (implied).

Lathyrus tracyi Bradshaw  
Common names: Tracy's pea  
Origin: native  
Voucher: OSC, most recently collected in 1996.  
Synonyms:  
Lathyrus lanszwertii Kellogg var. tracyi (Bradshaw) Isley  
JPM - 614, accepted, not in Oregon; JPM2 - 762, accepted, not in Oregon.
Lathyrus vernus (L.) Bernh.
Common names: spring vetchling
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 1986.

Lathyrus vestitus Nutt. var. ochropetalus (Piper) Isely
Common names: Pacific peavine
Origin: native
Voucher: OSC, most recently collected in 2007.
JPM - 614, accepted, not in Oregon; JPM2 - 762, accepted, not in Oregon.
Synonyms:
Lathyrus vestitus Nutt. ssp. bolanderi (S. Watson) C.L. Hitchc.
PEK - 495, accepted, in Oregon (explicit).
Lathyrus vestitus Nutt. ssp. ochropetalus (Piper) C.L. Hitchc.
FPN - 263, accepted; PEK - 495, accepted, in Oregon (explicit).
Lathyrus boltanderi S. Watson
IL - 2:626, accepted, in Oregon (explicit).

Lathyrus vestitus Nutt. var. vestitus
Common names: Pacific pea
Origin: native
Voucher: ORE, most recently collected in 2003.
JPM - 614, accepted, not in Oregon; JPM2 - 762, accepted, not in Oregon.
Synonyms:
Lathyrus vestitus Nutt. ssp. vestitus
IL - 2:626, (subtaxon implied), accepted, in Oregon (explicit).
Lathyrus vestitus Nutt. ssp. puberulus (White ex Greene) C.L. Hitchc.
PEK - 494, accepted, in Oregon (explicit).

Literature cited for Lathyrus
(Excluding the standard references unless specifically cited in the flora manuscript.)

Lotus
Checklist contributor: Steven Broich, 7/8/2002
Flora contributor: treatment pending

Lotus corniculatus L.
Common names: birdsfoot trefoil
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2008.
FPN - 264, accepted, in Oregon (explicit); IL - 2:553, accepted, in Oregon (explicit); JPM - 618, accepted, in Oregon (implied); JPM2 - 764, accepted, in Oregon (implied); VP - 3:293, accepted, in Oregon (explicit).
Synonyms:
Lotus tenuis Waldst. & Kit. ex Willd.
IN - 3b:192, accepted, in Oregon; JPM2 - 764, accepted, in Oregon (implied); VP - 3:293, synonym for Lotus corniculatus, in Oregon.

Lotus subbiflorus Lag. var. subbiflorus
Common names: hairy birdsfoot trefoil
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 2011.
Lotus uliginosus Schkuhr
Common names: greater birdsfoot trefoil
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2005.
JPM - 622, accepted, in Oregon (implied); JPM2 - 764, accepted, in Oregon (implied); PEK - 471, accepted, in Oregon (explicit).

Literature cited for Lotus
(Excluding the standard references unless specifically cited in the flora manuscript.)

Lupinus
Checklist contributor: Aaron Liston, Steven Broich, 9/4/2003
Flora contributor: treatment pending

Lupinus affinis J. Agardh
Common names: fleshy lupine
Origin: native
Voucher: OSC, most recently collected in 2011.
FPN - 265, accepted, in Oregon (explicit); IL - 2:494, synonym for Lupinus nanus, not in Oregon; JPM - 626, accepted, not in Oregon; JPM2 - 769, accepted, not in Oregon.

Synonyms:
Lupinus nanus Douglas ex Benth. var. carnosulus (Greene) C.P. Sm.
IL - 2:494, accepted, in Oregon (explicit); PEK - 452, accepted, in Oregon (explicit).
Lupinus nanus Douglas ex Benth.
in part

Lupinus albicaulis Douglas ex Hook. var. albicaulis
Common names: pine lupine, sickle keeled lupine
Origin: native
Voucher: OSC, most recently collected in 2003.
IL - 2:510, (subtaxon implied), accepted, in Oregon (implied); PEK - 459, (subtaxon implied), accepted, in Oregon (explicit).

Lupinus albicaulis Douglas ex Hook. × Lupinus latifolius J. Agardh
Origin: native
Voucher: ORE, most recently collected in 1956.
Lupinus albicaulis Douglas ex Hook. var. shastensis (A. Heller) C.P. Sm.
Common names: Drew's silky lupine
Origin: native
Voucher: OSC, most recently collected in 2008.
IL - 2:510, accepted, in Oregon (explicit); PEK - 459, accepted, in Oregon (explicit).

Synonyms:
- **Lupinus adsurgens** Drew
  IL - 2:511, accepted, in Oregon (explicit); JPM - 626, accepted, in Oregon (explicit); JPM2 - 769, accepted, in Oregon (explicit); KZ - 2:451, accepted; PEK - 459, accepted, in Oregon (explicit).
- **Lupinus pumicola** A. Heller
  IL - 2:631, accepted, in Oregon (explicit).
- **Lupinus adsurgens** Drew var. adsurgens
  IL - 2:511, (subtaxon implied), accepted, in Oregon (explicit).

Misapplied names:
- **Lupinus andersonii** S. Watson
  FPN - 268, synonym for Lupinus albicaulis, in Oregon (implied).
- **Lupinus dalesiae** Eastw.
  IL - 2:630, accepted, not in Oregon; JPM - 630, accepted, not in Oregon; JPM2 - 772, accepted, not in Oregon.

Lupinus albicaulis Douglas ex Hook. var. shastensis (A. Heller) C.P. Sm. × Lupinus latifolius Lindl. ex J. Agardh var. viridifolius (A. Heller) C.P. Sm.
Origin: native

Lupinus albifrons Benth. var. albifrons
Common names: white leaved lupine
Origin: native
Voucher: OSC, most recently collected in 2010.
IL - 2:503, (subtaxon implied), accepted, not in Oregon; JPM - 626, accepted, not in Oregon; JPM2 - 769, accepted, in Oregon (explicit).

Synonyms:
- **Lupinus albifrons** Benth. var. eminens C.P. Sm.
  IL - 2:505, accepted, in Oregon (explicit); PEK - 457, accepted, in Oregon (explicit).
- **Lupinus albifrons** Benth. var. fissicalyx (A. Heller) C.P. Sm.
  IL - 2:505, accepted, in Oregon (explicit); PEK - 457, accepted, in Oregon (explicit).
- **Lupinus albifrons** Benth. var. flumineus C.P. Sm.
  IL - 2:505, accepted, in Oregon (explicit); PEK - 457, accepted, in Oregon (explicit).

Lupinus andersonii S. Watson
Common names: Anderson's lupine
Origin: native
Voucher: WILLU, most recently collected in 1988.
IL - 2:511, accepted, in Oregon (explicit); JPM2 - 769, accepted, in Oregon (explicit).

Synonyms:
- **Lupinus klamathensis** Eastw.
  IL - 2:631, accepted, not in Oregon.
- **Lupinus formosus** Greene var. clemensiae C.P. Sm.
  IL - 2:514, accepted, in Oregon (explicit); PEK - 459, matched with Lupinus formosus var. clemensae (minor spelling difference), accepted, in Oregon (explicit).
- **Lupinus formosus** Greene
  IL - 2:514, accepted, in Oregon (explicit); JPM - 630, accepted, not in Oregon.
**Lupinus arboreus Sims**
Common names: tree lupine, yellow bush lupine
Origin: exotic, naturalized  
Voucher: OSC, most recently collected in 2013.
PFN - 267, accepted, in Oregon (implied); IL - 2:509, accepted, not in Oregon; JPM - 627, accepted, not in Oregon; JPM2 - 769, accepted, not in Oregon; PEK - 458, accepted, in Oregon (explicit); VP - 3:302, accepted, in Oregon (explicit).

**Lupinus arbustus Douglas ex Lindl.**
Common names: longspur lupine, spur lupine
Origin: native  
Voucher: OSC, most recently collected in 2012.
PFN - 266, synonym for Lupinus laxiflorus var. laxiflorus, in Oregon; IL - 2:497, synonym for Lupinus laxiflorus, in Oregon (explicit); IN - 3b:250, accepted, in Oregon (implied); JPM - 627, accepted, in Oregon (explicit); JPM2 - 769, accepted, in Oregon (explicit); Oregon Flora Project, 2005B - .

**Synonyms:**
- Lupinus laxiflorus Douglas ex Lindl. var. cognatus C.P. Sm.
  IL - 2:497, accepted, in Oregon (explicit); PEK - 454, accepted, in Oregon (explicit).
- Lupinus caudatus Kellogg var. subtenellus C.P. Sm.
  IL - 2:497, accepted, in Oregon (explicit); PEK - 454, accepted, in Oregon (explicit).
- Lupinus caudatus Kellogg var. submanes C.P. Sm.
  IL - 2:630, accepted, in Oregon (explicit); PEK - 454, accepted, in Oregon (explicit).
- Lupinus laxiflorus Douglas ex Lindl. var. silvicola (A. Heller) C.P. Sm.
  IL - 2:497, accepted, in Oregon (explicit); PEK - 454, accepted, in Oregon (explicit).
- Lupinus mucronulatus Howell var. umatillensis C.P. Sm.
  IL - 2:502, accepted, in Oregon (explicit); PEK - 456, accepted, in Oregon (explicit).
- Lupinus laxiflorus Douglas ex Lindl. var. pseudoparviflorus (Rydb.) C.P. Sm. & H. St. John
  VP - 3:313, accepted, in Oregon (explicit).
- Lupinus laxiflorus Douglas ex Lindl. var. elmerianus C.P. Sm.
  IL - 2:631, accepted, in Oregon (explicit); PEK - 454, accepted, in Oregon (explicit).
- Lupinus laxiflorus Douglas ex Lindl. var. calcaratus (Kellogg) C.P. Sm.
  FPN - 266, accepted, in Oregon (explicit); IL - 2:497, accepted, in Oregon (explicit); PEK - 454, accepted, in Oregon (explicit); VP - 3:313, accepted, in Oregon (explicit).
- Lupinus sulphureus Douglas ex Hook. var. applegateanus C.P. Sm.
  IL - 2:631, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).
- Lupinus caudatus Kellogg
  in part
- Lupinus laxiflorus Douglas ex Lindl. var. lyleianus C.P. Sm.
  IL - 2:631, accepted, in Oregon (explicit); PEK - 454, accepted, in Oregon (explicit).
- Lupinus laxiflorus Douglas ex Lindl. var. laxiflorus
  FPN - 266, accepted, in Oregon (implied); GWM - 218, accepted, in Oregon (explicit); IL - 2:631, (subtaxon implied), accepted, in Oregon (explicit); PEK - 454, (subtaxon implied), accepted, in Oregon (explicit); VP - 3:313, accepted, in Oregon (implied).
- Lupinus lyleianus C.P. Sm.
  IL - 2:631, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).
- Lupinus caudatus Kellogg
  in part

**Lupinus arbustus Douglas ex Lindl. × Lupinus oreganus A. Heller**
Origin: native  
Voucher: ORE, most recently collected in 1932.
**Lupinus arbustus** Douglas ex Lindl. × **Lupinus sericeus** Pursh

Common names: longspur lupine - silky lupine hybrid

Origin: native

Voucher: OSC, most recently collected in 1975.

Synonyms:

**Lupinus xinyoensis** A. Heller var. demissus C.P. Sm.

PEK - 454, accepted, in Oregon (explicit).

---

**Lupinus argenteus** Pursh var. argenteus

Common names: silvery lupine

Origin: native

Voucher: OSC, most recently collected in 2007.

FPN - 267, accepted, in Oregon (explicit); IN - 3b:250, accepted, not in Oregon; JPM - 627, accepted, in Oregon (implied); JPM2 - 769, accepted, in Oregon (implied); VP - 3:306, accepted, in Oregon (explicit).

Synonyms:

**Lupinus corymbosus** A. Heller

FPN - 267, synonym for Lupinus argenteus var. argenteus, in Oregon (explicit); IL - 2:499, accepted, in Oregon (explicit); PEK - 456, accepted, in Oregon (explicit).

**Lupinus argenteus** Pursh var. heteranthus (S. Watson) Barneby

Common names: tailcup lupine, Kellogg spurred lupine

Origin: native

Voucher: OSC, most recently collected in 2008.

IN - 3b:248, accepted, in Oregon (explicit); JPM - 627, accepted, in Oregon (explicit); JPM2 - 769, accepted, in Oregon (explicit).

Synonyms:

**Lupinus caudatus** Kellogg

**Lupinus hendersonii** Eastw.

FPN - 266, synonym for Lupinus caudatus, in Oregon (explicit); IL - 2:631, accepted, in Oregon (explicit).

**Lupinus caudatus** Kellogg

in part

**Lupinus caudatus** Kellogg var. caudatus

IL - 2:497, (subtaxon implied), accepted, in Oregon (explicit); PEK - 454, (subtaxon implied), accepted, in Oregon (explicit).

---

**Lupinus argenteus** Pursh var. heteranthus (S. Watson) Barneby × **Lupinus biddlei** L.F. Hend. ex C.P. Sm.

---

**Lupinus argenteus** Pursh var. holosericeus (Nutt. ex Torr. & A. Gray) Barneby

Common names: little-flowered lupine, silky lupine

Origin: native

Voucher: OSC, most recently collected in 2007.

FPN - 267, accepted, in Oregon (explicit); IL - 2:498, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit); VP - 3:308, accepted, in Oregon (explicit).

---

**Lupinus argenteus** Pursh var. utahensis (S. Watson) Barneby

Common names: Kellogg's spurred lupine

Origin: native

Voucher: OSC, most recently collected in 2008.

IN - 3b:248, accepted, in Oregon (explicit).

Synonyms:

**Lupinus caudatus** Kellogg var. rubricaulis (Greene) C.P. Sm.

IL - 2:497, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).
### Lupinus bicolor Lindl.

**Common names:** two color lupine, miniature lupine  
**Origin:** native  
**Voucher:** OSC, most recently collected in 2012.  
FPN - 265, accepted, in Oregon (implied); IL - 2:494, accepted, in Oregon (implied); JPM - 628, accepted, in Oregon (implied); JPM2 - 770, accepted, in Oregon (implied); VP - 3:306, accepted, in Oregon (explicit).  

**Synonyms:**  
- *Lupinus nanus* Douglas ex Benth. var. apricus (Greene) C.P. Sm.  
  IL - 2:494, accepted, in Oregon (explicit); PEK - 452, accepted, in Oregon (explicit).  
- *Lupinus bicolor* Lindl. var. bicolor  
  IL - 2:494, (subtaxon implied), accepted, in Oregon (implied); PEK - 452, (subtaxon implied), accepted, in Oregon (explicit).  
- *Lupinus nanus* Douglas ex Benth.  
  in part  
- *Lupinus bicolor* Lindl. var. microphyllus (S. Watson) C.P. Sm.  
  IL - 2:495, accepted, in Oregon (explicit); PEK - 453, accepted, in Oregon (explicit).  
- *Lupinus bicolor* Lindl. var. tridentatus Eastw. ex C.P. Sm.  
  IL - 2:495, accepted, in Oregon (implied); PEK - 452, accepted, in Oregon (explicit).  

### Lupinus biddlei L.F. Hend. ex C.P. Sm.

**Common names:** Biddle's lupine  
**Origin:** native  
**Voucher:** OSC, most recently collected in 2008.  
IL - 2:499, accepted, in Oregon (explicit); PEK - 456, accepted, in Oregon (explicit).  

### Lupinus brevicaulis S. Watson

**Common names:** short stemmed lupine, sand lupine  
**Origin:** native  
**Voucher:** OSC, most recently collected in 2006.  
IL - 2:489, accepted, in Oregon (explicit); IN - 3b:264, accepted, in Oregon (explicit); JPM - 628, accepted, in Oregon (explicit); JPM2 - 770, accepted, in Oregon (explicit); PEK - 452, accepted, in Oregon (explicit).  

### Lupinus breweri A. Gray

**Common names:** Brewer's lupine  
**Origin:** native  
**Voucher:** OSC, most recently collected in 1988.  
IL - 2:502, accepted, in Oregon (explicit); JPM - 628, accepted, in Oregon (explicit); PEK - 456, accepted, in Oregon (explicit).  

**Synonyms:**  
- *Lupinus breweri* A. Gray var. breweri  
  IL - 2:502, (subtaxon implied), accepted, in Oregon (explicit); JPM - 628, accepted, in Oregon (explicit); JPM2 - 770, accepted, in Oregon (explicit).  
- *Lupinus latifolius* Lindl. ex J. Agardh var. latifolius  
  IL - 2:514, accepted, in Oregon (explicit); PEK - 460, accepted, in Oregon (explicit).  
- *Lupinus latifolius* Lindl. ex J. Agardh var. ligulatus (Greene) C.P. Sm.  
  IL - 2:514, accepted, in Oregon (explicit); PEK - 460, accepted, in Oregon (explicit).  
- *Lupinus latifolius* Lindl. ex J. Agardh var. longipes (Greene) C.P. Sm.  
  IL - 2:514, accepted, in Oregon (explicit); PEK - 460, accepted, in Oregon (explicit).  
- *Lupinus latifolius* Lindl. ex J. Agardh var. columbianus (A. Heller) C.P. Sm.  
  IL - 2:514, accepted, in Oregon (explicit); JPM - 632, accepted, in Oregon (implied); JPM2 - 773, accepted, in Oregon (implied); VP - 3:311, accepted, in Oregon (implied).
Lupinus latifolius Lindl. ex J. Agardh × Lupinus polyphyllus Lindl.
Origin: native
Voucher: ORE, most recently collected in 1989.

Lupinus latifolius Lindl. ex J. Agardh × Lupinus sericeus Pursh
Common names: Thompson's broad leaved lupine
Origin: native
Voucher: OSC, most recently collected in 2006.
Synonyms:
Lupinus suksdorfii B.L. Rob.
FPN - 268, synonym for Lupinus latifolius var. thompsonianus, in Oregon (explicit); IL - 2:506, accepted, in Oregon (explicit); PEK - 458, accepted, in Oregon (explicit).

Lupinus sericeus Pursh var. thompsonianus C.P. Sm.
IL - 2:631, accepted, in Oregon (explicit); PEK - 458, accepted, in Oregon (explicit).

Lupinus latifolius Lindl. ex J. Agardh var. thompsonianus (C.P. Sm.) C.L. Hitchc.
FPN - 268, accepted, in Oregon (explicit); VP - 3:310, accepted, in Oregon (explicit).

Lupinus latifolius Lindl. ex J. Agardh var. subalpinus (Piper & B.L. Rob.) C.P. Sm.
Common names: Cascade lupine
Origin: native
Voucher: OSC, most recently collected in 2008.
FPN - 268, accepted, not in Oregon; VP - 3:311, accepted, not in Oregon.

Synonyms:
Lupinus arcticus S. Watson var. subalpinus (Piper & B.L. Rob.) C.P. Sm.
IL - 2:518, accepted, not in Oregon; PEK - 461, accepted, in Oregon (explicit).

Lupinus latifolius Lindl. ex J. Agardh var. viridifolius (A. Heller) C.P. Sm.
Common names: broadleaf lupine
Origin: native
Voucher: OSC, most recently collected in 2013.
IL - 2:514, accepted, in Oregon (explicit); JPM - 632, accepted, not in Oregon; JPM2 - 773, accepted, not in Oregon; PEK - 460, accepted, in Oregon (explicit).

Synonyms:
Lupinus latifolius Lindl. ex J. Agardh var. barbatus (L.F. Hend.) Munz
JPM - 632, accepted, not in Oregon; JPM2 - 773, accepted, not in Oregon.

Lupinus lepidus Douglas ex Lindl. var. aridus (Lindl.) Jeps.
Common names: dry ground lupine
Origin: native
Voucher: ORE, most recently collected in 2009.
FPN - 269, accepted, in Oregon (implied); IN - 3b:259, accepted, in Oregon; VP - 3:316, accepted, in Oregon (implied).

Synonyms:
Lupinus aridus Douglas var. aridus
IL - 2:496, (subtaxon implied), accepted, in Oregon (implied); PEK - 453, (subtaxon implied), accepted, in Oregon (explicit).

Lupinus lepidus Douglas ex Lindl. var. ashlandensis (B.J. Cox) Isely
Common names: Ashland lupine
Origin: native
Voucher: ORE, most recently collected in 1987.
Lupinus lepidus Douglas ex Lindl. var. cusickii (S. Watson) C.L. Hitchc.
Common names: Cusick's lupine
Origin: native
Voucher: ORE, most recently collected in 2010.
FPN - 268, accepted, in Oregon (explicit); IN - 3b:258, accepted, in Oregon (explicit); VP - 3:316, accepted, in Oregon (explicit).
Synonyms:
Lupinus aridus Douglas var. abortivus (Greene) C.P. Sm.
IL - 2:496, accepted, in Oregon (explicit).
Lupinus aridus Douglas var. cusickii (S. Watson) C.P. Sm.
IL - 2:496, accepted, in Oregon (explicit); PEK - 453, accepted, in Oregon (explicit).

Lupinus lepidus Douglas ex Lindl. var. lepidus
Common names: Pacific lupine, dwarf lupine
Origin: native
Voucher: ORE, most recently collected in 2010.
FPN - 269, accepted, in Oregon (explicit); IL - 2:496, (subtaxon implied), accepted, in Oregon (implied); VP - 3:316, accepted, in Oregon (explicit).
Synonyms:
Lupinus minimus Douglas ex Hook.
FPN - 269, synonym for Lupinus lepidus var. lepidus, in Oregon (explicit); IL - 2:515, accepted, given distribution: e WA to central Montana and WY.; var. hellerae from Idaho, & WA; PEK - 461, accepted, in Oregon (explicit).

Lupinus lepidus Douglas ex Lindl. var. lobbii (A. Gray) C.L. Hitchc.
Common names: prostrate lupine
Origin: native
Voucher: ORE, most recently collected in 2009.
FPN - 268, accepted, in Oregon (implied); GWM - 218, accepted, in Oregon (explicit); IN - 3b:258, accepted, in Oregon (explicit); JPM - 632, accepted, in Oregon (implied); JPM2 - 773, accepted, in Oregon (implied); VP - 3:316, accepted, in Oregon (implied).
Synonyms:
Lupinus lyallii A. Gray var. fruticulosus C.P. Sm.
IL - 2:495, accepted, in Oregon (explicit); PEK - 453, accepted, in Oregon (explicit).
Lupinus lyallii A. Gray var. lobbii (A. Gray ex S. Watson) C.P. Sm.
IL - 2:495, accepted, in Oregon (explicit); PEK - 453, accepted, in Oregon (explicit).
Lupinus minutifolius Eastw.
IL - 2:631, accepted, in Oregon (explicit).
Lupinus lyallii A. Gray var. lyallii
IL - 2:495, (subtaxon implied), accepted, in Oregon (implied); PEK - 453, (subtaxon implied), accepted, in Oregon (explicit).

Lupinus lepidus Douglas ex Lindl. var. sellulus (Kellogg) Barneby
Common names: Donner Lake lupine
Origin: native
Voucher: ORE, most recently collected in 2013.
IN - 3b:258, accepted, in Oregon (explicit); JPM - 632, accepted, in Oregon (explicit); JPM2 - 773, accepted, in Oregon (explicit).

Lupinus lepidus Douglas ex Lindl. var. utahensis (S. Watson) C.L. Hitchc.
Common names: Utah lupine
Origin: native
Voucher: ORE, most recently collected in 1991.
FPN - 268, accepted, in Oregon (explicit); IN - 3b:259, accepted, in Oregon (implied); JPM - 632, accepted, in Oregon (explicit); JPM2 - 773, accepted, in Oregon (explicit); VP - 3:316, accepted, in Oregon (explicit).
Synonyms:
Lupinus caespitosus Nutt.
FPN - 268, synonym for Lupinus lepidus var. utahensis, in Oregon (explicit); IL - 2:495, accepted, in Oregon (explicit); PEK - 453, accepted, in Oregon (explicit).
Lupinus leucophyllus Douglas ex Lindl.
Common names: velvet lupine, woolly leaved lupine
Origin: native
Voucher: OSC, most recently collected in 2007.
FPN - 267, accepted, given distribution: foothills d Cas, c Wn to Mont, nw Wyo, Ida and w Nev...; IL - 2:503, accepted, in Oregon (explicit); IN - 3b:254, accepted, in Oregon (implied); JPM - 632, accepted, in Oregon (implied); JPM2 - 774, accepted, in Oregon (implied).
Synonyms:

Lupinus leucophyllus Douglas ex Lindl. var. tenuispicus (A. Nelson) C.P. Sm.
FPN - 267, accepted, in Oregon (explicit); GWM - 219, accepted, in Oregon (explicit); IL - 2:503, accepted, in Oregon (explicit); PEK - 457, accepted, in Oregon (explicit); VP - 3:318, accepted, in Oregon (explicit).

Lupinus leucophyllus Douglas ex Lindl. var. canescens (Howell) C.P. Sm.
IL - 2:503, accepted, in Oregon (explicit); PEK - 457, accepted, in Oregon (explicit).

Lupinus leucophyllus Douglas ex Lindl. var. belliae C.P. Sm.
IL - 2:503, accepted, given distribution: n CA and e WN a to central Montana; PEK - 457, accepted, in Oregon (explicit).

Lupinus leucophyllus Douglas ex Lindl. var. leucophyllus
FPN - 267, accepted, given distribution: see LUPLEU; GWM - 219, accepted, in Oregon (explicit); IL - 2:503, (subtaxon implied), accepted, given distribution: e WN & w Montana to central Utah & n CA; PEK - 457, (subtaxon implied), accepted, in Oregon (explicit); VP - 3:318, accepted, in Oregon (explicit).

Lupinus leucophyllus Douglas ex Lindl. × Lupinus sericeus Pursh
Common names: Eggleston's lupine
Origin: native
Voucher: OSC, most recently collected in 1963.
Synonyms:

Lupinus sericeus Pursh var. egglestonianus C.P. Sm.
IL - 2:631, accepted, in Oregon (explicit); PEK - 458, accepted, in Oregon (explicit).

Lupinus littoralis Douglas var. littoralis
Common names: seashore lupine
Origin: native
Voucher: OSC, most recently collected in 2011.

Lupinus littoralis Douglas var. littoralis × Lupinus rivularis Douglas ex Lindl.
Origin: native
Voucher: ORE, most recently collected in 2005.

Lupinus luteolus Kellogg
Common names: bushy yellow lupine, butter lupine
Origin: native
Voucher: OSC, most recently collected in 2002.
IL - 2:489, accepted, in Oregon (explicit); JPM - 633, accepted, in Oregon (explicit); JPM2 - 774, accepted, in Oregon (explicit); PEK - 451, accepted, in Oregon (explicit).

Lupinus microcarpus Sims
Common names: chick lupine
Origin: native
Voucher: OSC, most recently collected in 2010.
FPN - 265, accepted, in Oregon (implied); IL - 2:487, accepted, not in Oregon; IN - 3b:267, accepted, in Oregon (explicit); JPM - 633, accepted, in Oregon (implied).

Synonyms:

Lupinus densiflorus Benth. var. densiflorus
IL - 2:487, (subtaxon implied), accepted, not in Oregon.

Lupinus microcarpus Sims var. microcarpus
FPN - 265, accepted, in Oregon (implied); IL - 2:487, (subtaxon implied), accepted, not in Oregon; JPM - 633, accepted, not in Oregon; JPM2 - 774, accepted, in Oregon (implied); VP - 3:321, accepted, in Oregon (implied).

Lupinus subvexus C.P. Sm. var. transmontanus C.P. Sm.
IL - 2:487, accepted, in Oregon (explicit); PEK - 451, accepted, in Oregon (explicit).
**Lupinus nevadensis A. Heller**
Common names: Nevada lupine
Origin: native
Voucher: ORE, most recently collected in 2008.
IL - 2:498, accepted, in Oregon (explicit); IN - 3b:244, accepted, in Oregon (explicit); JPM - 633, accepted, in Oregon (explicit); JPM2 - 774, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).

**Lupinus onustus S. Watson**
Common names: Plumas lupine
Origin: native
Voucher: OSC, most recently collected in 2003.
IL - 2:502, accepted, not in Oregon; JPM - 634, accepted, in Oregon (explicit); JPM2 - 776, accepted, in Oregon (explicit).

Synonyms:
- **Lupinus oreganus A. Heller**
in part
- **Lupinus mucronulatus Howell var. mucronulatus**
  IL - 2:499, (subtaxon implied), accepted, in Oregon (explicit); PEK - 456, (subtaxon implied), accepted, in Oregon (explicit).
- **Lupinus oreganus A. Heller var. pusillulus C.P. Sm.**
  IL - 2:499, accepted, in Oregon (explicit); PEK - 456, accepted, in Oregon (explicit).

**Lupinus oreganus A. Heller**
Common names: Kincaid's lupine
Origin: native
Voucher: OSC, most recently collected in 2004.
FPN - 267, synonym for Lupinus sulphureus var. kincaidii, in Oregon (explicit); Severns, 2012 - 18:4..

Synonyms:
- **Lupinus leucopsis J. Agardh**
in part
- **Lupinus oreganus A. Heller var. oreganus**
  IL - 2:499, (subtaxon implied), accepted, in Oregon (explicit); KZ - 1:297, accepted; PEK - 456, (subtaxon implied), accepted, in Oregon (explicit).
- **Lupinus leucopsis J. Agardh var. hendersonianus C.P. Sm.**
  IL - 2:498, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).
- **Lupinus oreganus A. Heller var. kincaidii C.P. Sm.**
  IL - 2:499, accepted, in Oregon (explicit); KZ - 1:297, accepted.
- **Lupinus sulphureus Douglas ex Hook. ssp. kincaidii (C.P. Sm.) L.Ll. Phillips**
  Oregon Flora Project, 2009G - .
- **Lupinus sulphureus Douglas ex Hook. var. kincaidii (C.P. Sm.) C.L. Hitchc.**
  illegitimate name
  Chambers, 1996A - ; FPN - 267, accepted, in Oregon (explicit); Severns, 2012 - 18:4, synonym for Lupinus oreganus, in Oregon (explicit); VP - 3:331, accepted, in Oregon (explicit).

**Lupinus polycarpus Greene**
Common names: field lupine, small-flowered lupine
Origin: native
Voucher: OSC, most recently collected in 2008.
IL - 2:495, synonym for Lupinus micranthus, in Oregon (implied).

Synonyms:
- **Lupinus micranthus Douglas**
  FPN - 265, accepted, in Oregon (explicit); IL - 2:495, accepted, in Oregon (implied); PEK - 453, accepted, in Oregon (explicit); VP - 3:319, accepted, in Oregon (explicit).
Lupinus polyphyllus Lindl. var. burkei (S. Watson) C.L. Hitchc.
Common names: Burke's lupine
Origin: native
Voucher: OSC, most recently collected in 2004.
FPN - 269, accepted, in Oregon (implied); JPM - 634, accepted, in Oregon (explicit); JPM2 - 776, accepted, in Oregon (explicit); VP - 3:323, accepted, in Oregon (implied).
Synonyms:
Lupinus burkei S. Watson
GWM - 218, accepted, in Oregon (explicit); IL - 2:515, accepted, in Oregon (explicit); PEK - 460, accepted, in Oregon (explicit).

Lupinus polyphyllus Lindl. var. polyphyllus
Common names: bigleaf lupine, many leaved lupine
Origin: native
Voucher: OSC, most recently collected in 2011.
FPN - 269, accepted, in Oregon (explicit); IL - 2:515, (subtaxon implied), accepted, in Oregon (implied); JPM - 634, accepted, in Oregon (implied); JPM2 - 776, accepted, in Oregon (implied); VP - 3:323, accepted, in Oregon (explicit).
Synonyms:
Lupinus superbus A. Heller var. elongatus (Greene) C.P. Sm.
IL - 2:515, accepted, not in Oregon; PEK - 460, accepted, in Oregon (explicit).

Lupinus polyphyllus Lindl. var. pallidipes (A. Heller) C.P. Sm.
FPN - 269, accepted, in Oregon (explicit); IL - 2:515, accepted, in Oregon (explicit); JPM - 634, accepted, in Oregon (implied); JPM2 - 776, accepted, in Oregon (implied); VP - 3:323, accepted, in Oregon (explicit).

Lupinus superbus A. Heller var. bernardinus Abrams
IL - 2:515, accepted, in Oregon (explicit); PEK - 460, accepted, in Oregon (explicit).

Lupinus polyphyllus Lindl. var. prunophilus (M.E. Jones) L.Ll. Phillips
Common names: Wyeth's lupine
Origin: native
Voucher: ORE, most recently collected in 2013.
FPN - 269, accepted, in Oregon (explicit); IN - 3b:241, accepted, in Oregon (explicit); VP - 3:323, accepted, in Oregon (explicit).
Misapplied names:
Lupinus wyethii S. Watson
FPN - 269, accepted, in Oregon (implied); IL - 2:518, synonym for Lupinus arcticus var. prunophilus, not in Oregon; Kartesz & Meacham, 2007 - accepted, in Oregon, cites 1975 Southwestern Naturalist for Oregon presence; KZ - 2:464, accepted; VP - 3:331, accepted, in Oregon (implied).

Lupinus polyphyllus Lindl. var. saxosus (Howell) Barneby
Common names: rock lupine, stony ground lupine
Origin: native
Voucher: OSC, most recently collected in 2013.
IN - 3b:243, accepted, in Oregon (explicit).
Synonyms:
Lupinus saxosus Howell var. subsericeus (B.L. Rob. ex Piper) C.P. Sm.
IL - 2:518, accepted, in Oregon (explicit); PEK - 461, accepted, in Oregon (explicit).

Lupinus saxosus Howell var. saxosus
IL - 2:518, (subtaxon implied), accepted, in Oregon (explicit); PEK - 461, (subtaxon implied), accepted, in Oregon (explicit).

Lupinus saxosus Howell
FPN - 269, accepted, in Oregon (explicit); IL - 2:518, accepted, in Oregon (explicit); JPM - 634, accepted, in Oregon (explicit); JPM2 - 776, accepted, in Oregon (implied); VP - 3:325, accepted, in Oregon (explicit).
Lupinus pusillus Pursh var. intermontanus (A. Heller) C.P. Sm.
Common names: intermountain lupine, low lupine
Origin: native
Voucher: OSC, most recently collected in 2002.
FPN - 265, accepted, in Oregon (implied); IN - 3b:263, accepted, in Oregon (explicit); JPM - 634, accepted, in Oregon (implied); JPM2 - 776, accepted, in Oregon (implied); PEK - 452, accepted, in Oregon (explicit); VP - 3:323, accepted, in Oregon (implied).

Lupinus rivularis Douglas ex Lindl.
Common names: stream lupine, riverbank lupine
Origin: native
Voucher: OSC, most recently collected in 2009.
FPN - 268, accepted, in Oregon; IL - 2:509, accepted, in Oregon (explicit); JPM - 634, accepted, in Oregon (implied); JPM2 - 776, accepted, in Oregon (implied); PEK - 458, accepted, in Oregon (explicit); VP - 3:325, accepted, in Oregon (implied).

Lupinus sabinianus Douglas ex Lindl.
Common names: Sabin's lupine
Origin: native
Voucher: OSC, most recently collected in 2009.
Synonyms:
Lupinus sabinii Douglas ex Lindl.
FPN - 268, accepted, in Oregon (explicit); IL - 2:506, accepted, in Oregon (explicit); PEK - 458, accepted, in Oregon (explicit); VP - 3:325, accepted, in Oregon (explicit).

Lupinus sericeus Pursh
Common names: silky lupine
Origin: native
Voucher: OSC, most recently collected in 2001.
FPN - 266, accepted, in Oregon (implied); IL - 2:506, accepted, in Oregon (explicit); IN - 3b:253, accepted, in Oregon (explicit).
Synonyms:
Lupinus ornatus Douglas ex Lindl.
FPN - 266, synonym for Lupinus sericeus var. sericeus, in Oregon (implied); IL - 2:505, accepted, in Oregon (explicit); PEK - 457, accepted, in Oregon (explicit).

Lupinus sericeus Pursh var. fikeranus (Sm.) C.L. Hitchc.
FPN - 266, accepted, in Oregon (explicit); VP - 3:328, accepted, in Oregon (explicit).

Lupinus leucopsis J. Agardh var. mollis (A. Heller) C.P. Sm.
IL - 2:498, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).

Lupinus leucopsis J. Agardh in part
FPN - 266, synonym for Lupinus sericeus var. sericeus, in Oregon (implied).

Lupinus sericeus Pursh var. wallowensis C.P. Sm.
IL - 2:631, accepted, in Oregon (explicit); PEK - 458, accepted, in Oregon (explicit).

Lupinus sericeus Pursh var. flexuosus (Lindl.) C.P. Sm.
GWM - 219, accepted, in Oregon (explicit); IL - 2:506, accepted, not in Oregon; PEK - 458, accepted, in Oregon (explicit).

Lupinus sericeus Pursh var. sericeus
FPN - 266, accepted, in Oregon (implied); IL - 2:506, (subtaxon implied), accepted, not in Oregon; VP - 3:328, accepted, in Oregon (implied).

Lupinus leucopsis J. Agardh var. shermanensis C.P. Sm.
IL - 2:498, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).
**Lupinus sulphureus** Douglas ex Hook. ssp. subsaccatus (Suksd.) L.Ll. Phillips
Common names: whitish lupine  
Origin: native  
Voucher: OSC, most recently collected in 1999.  

Synonyms:  
Lupinus leucopsis J. Agardh  
in part  
Lupinus leucopsis J. Agardh var. bingenensis (Suksd.) C.P. Sm.  
IL - 2:498, accepted, in Oregon (explicit); PEK - 455, accepted, in Oregon (explicit).  

**Lupinus sulphureus** Douglas ex Hook. var. subsaccatus (Suksd.) C.L. Hitchc.  
FPN - 267, accepted, in Oregon (implied); KZ - 2:454, accepted; VP - 3:331, accepted, in Oregon (explicit).  

---

**Lupinus sulphureus** Douglas ex Hook. ssp. sulphureus  
Common names: sulphur lupine  
Origin: native  
Voucher: OSC, most recently collected in 2011.  

Synonyms:  
Lupinus sulphureus Douglas ex Hook. var. sulphureus  
FPN - 267, accepted, in Oregon (explicit); IL - 2:498, (subtaxon implied), accepted, in Oregon (explicit); PEK - 455, (subtaxon implied), accepted, in Oregon (explicit); VP - 3:330, accepted, in Oregon (explicit).  

---

**Lupinus tracyi** Eastw.  
Common names: Tracy's lupine  
Origin: native  
Voucher: ORE, most recently collected in 2003.  
IL - 2:631, accepted, not in Oregon; JPM - 636, accepted, in Oregon (explicit); JPM2 - 778, accepted, in Oregon (explicit).  

---

**Lupinus uncialis** S. Watson  
Common names: inch high lupine  
Origin: native  
Voucher: OSC, most recently collected in 2004.  
IL - 2:489, synonym for Lupinus brevicaulis, in Oregon (explicit); IN - 3b:266, accepted, in Oregon (explicit); JPM2 - 778, accepted, in Oregon (explicit); PEK - 451, accepted, in Oregon (explicit).  

---

**Literature cited for Lupinus**  
(Excluding the standard references unless specifically cited in the flora manuscript.)  

---

**Medicago**  
Checklist contributor: Richard Halse, 11/1/2000  
Flora contributor: treatment pending  

**Medicago arabica** (L.) Huds.  
Common names: spotted medic, spotted burclover  
Origin: exotic, naturalized  
Voucher: OSC, most recently collected in 2011.  
FPN - 270, accepted, in Oregon (implied); IL - 2:520, accepted, in Oregon (implied); JPM - 637, accepted, given distribution: NCo, NCoR, n SN, CW, probably elsewhere; abundant in se US, elsewhere; native probably to Medit; JPM2 - 779, accepted, not in Oregon; PEK - 470, accepted, in Oregon (explicit); VP - 3:333, accepted, in Oregon (implied).
Medicago falcata L.
Common names: yellow-flowered alfalfa
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 2001.
FPN - 260, accepted, given distribution: not often intro in N Am, but well estab near Midway, BC; IN - 3b:233, accepted, in Oregon (implied); VP - 3:333, accepted, given distribution: Eurasian, rarely introduced to N. Am., but well established on sagebrush slopes near Midway, B.C.

Medicago lupulina L.
Common names: black medic, hop clover
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2012.
FPN - 269, accepted, no geog. info. given; GWM - 219, accepted, in Oregon (explicit); IL - 2:520, accepted, in Oregon (implied); IN - 3b:233, accepted, in Oregon (implied); JPM - 637, accepted, in Oregon (implied); JPM2 - 779, accepted, given distribution: CA-FP, GB, DMtns (Panamint Range); most of US, widespread elsewhere; native to Eur.; PEK - 469, accepted, in Oregon (explicit); VP - 3:334, accepted, in Oregon (implied).

Medicago minima (L.) Bartal.
Common names: downey burclover
Origin: exotic, naturalized
Voucher: WILLU, most recently collected in 2010.
FPN - 270, accepted, "collected once or twice as an escape"; not fully treated; JPM - 637, accepted, given distribution: CA-FP; to s-c US, sporadic in e US; native probably to Medit; JPM2 - 779, accepted, in Oregon (explicit).
Synonyms:
Medicago minima (L.) Bartal. var. pubescens Webb
PEK - 470, accepted, in Oregon (explicit).

Medicago polymorpha L.
Common names: hairy medic, burclover
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2013.
FPN - 270, synonym for Medicago hispida, in Oregon (implied); IN - 3b:234, accepted, in Oregon (implied); JPM - 637, accepted, given distribution: CA-FP; widespread in s US, elsewhere; native to Medit; JPM2 - 779, accepted, not in Oregon.
Synonyms:
Medicago hispida Gaertn.
FPN - 270, accepted; IL - 2:520, accepted, in Oregon (implied); PEK - 470, accepted, (bare); VP - 3:334, accepted, in Oregon (explicit).
Medicago hispida Gaertn. var. apiculata (Willd.) Urb.
PEK - 470, accepted, in Oregon (explicit).
Medicago hispida Gaertn. var. hispida
PEK - 470, (subtaxon implied), accepted, in Oregon (explicit).

Medicago praecox DC.
Common names: Mediterranean medic
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2009.
JPM - 637, accepted, not in Oregon; JPM2 - 779, accepted, no geog. info. given.

Medicago sativa L.
Common names: alfalfa, lucerne
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2002.
FPN - 269, accepted, no geog. info. given; IL - 2:520, accepted, in Oregon (implied); IN - 3b:232, accepted, in Oregon (implied); JPM - 637, accepted, in Oregon (implied); JPM2 - 779, accepted, in Oregon (implied); PEK - 469, accepted, in Oregon (explicit); VP - 3:334, accepted, in Oregon (implied).

Medicago turbinata (L.) All.
Common names: southern medic
Origin: exotic, not naturalized
Voucher: WS, most recently collected in 1916.
FPN - 270, accepted, "collected once or twice as an escape"; not fully treated; VP - 3:334, accepted, in Oregon (explicit), collected by Suksdorf at Linnton, near Portland, Oregon.
Melilotus

Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

Melilotus albus Medik.
Common names: white sweetclover
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2008.
JPM2 - 780, accepted, given distribution: CA; most of n US, adjacent Can; native to Eurasia.
Synonyms:
- Melilotus alba Medik.
  orthographic variant
  FPN - 270, accepted, in Oregon (implied); IL - 2:521, accepted, in Oregon (implied); IN - 3b:234, accepted, in Oregon (implied); JPM - 638, accepted, in Oregon (implied); PEK - 469, accepted, in Oregon (explicit); VP - 3:335, accepted, in Oregon (explicit).

Melilotus indicus (L.) All.
Common names: small flowered yellow sweetclover, small yellow melilot
Origin: exotic, naturalized
Voucher: WILLU, most recently collected in 1979.
JPM2 - 780, accepted, in Oregon (explicit); VP - 3:335, accepted, in Oregon (explicit).
Synonyms:
- Melilotus indica (L.) All.
  orthographic variant
  FPN - 270, accepted, in Oregon (explicit); IL - 2:521, accepted, not in Oregon; IN - 3b:235, accepted, in Oregon (implied); JPM - 638, accepted, not in Oregon; PEK - 469, accepted, in Oregon (explicit).

Melilotus officinalis (L.) Pall.
Common names: common yellow sweetclover
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2007.
FPN - 270, accepted, given distribution: ...in RMS, less common w, rarely w Cas...; GWM - 220, accepted, in Oregon (explicit); IL - 2:521, accepted, in Oregon (implied); IN - 3b:234, accepted, in Oregon (implied); JPM - 638, accepted, in Oregon (implied); JPM2 - 780, accepted, in Oregon (implied); PEK - 469, accepted, in Oregon (explicit); VP - 3:335, accepted, not in Oregon.

Onobrychis

Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

Literature cited for Melilotus
(Excluding the standard references unless specifically cited in the flora manuscript.)

Literature cited for Onobrychis
(Excluding the standard references unless specifically cited in the flora manuscript.)
Onobrychis viciifolia Scop.
Common names: holy clover, sainfoin
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2002.
IN - 3b:190, accepted, in Oregon (implied); JPM - 638, accepted, in Oregon (implied); JPM2 - 780, accepted, in Oregon (implied).

Synonyms:
Onobrychis viciaefolia Scop.
orthographic variant
FPN - 270, accepted, not in Oregon; VP - 3:337, accepted, not in Oregon.

Literature cited for Onobrychis
(Excluding the standard references unless specifically cited in the flora manuscript.)

Ononis
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

Ononis arvensis L.
Common names: field restharrow
Origin: exotic, not naturalized
Voucher: WS, most recently collected in 1916.
Nelson, 1917 - accepted, in Oregon (explicit), ballast; Nelson, 1920 - accepted, in Oregon (explicit), persisting at same location as 1917 report.

Ononis spinosa L. ssp. maritima (Dumort.) P. Fournier
Common names: restharrow
Origin: exotic, not naturalized
Voucher: ORE, most recently collected in 1919.
Synonyms:
Ononis repens L.
FPN - 270, accepted, in Oregon (explicit); VP - 3:337, accepted, not in Oregon.

Literature cited for Ononis
(Excluding the standard references unless specifically cited in the flora manuscript.)

Ornithopus
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

Ornithopus compressus L.
Common names: yellow birdsfoot, yellow serradella
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2013.

Ornithopus perpusillus L.
Common names: little white birdsfoot
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2010.
Literature cited for Ornithopus
(Excluding the standard references unless specifically cited in the flora manuscript.)

Oxytropis
Checklist contributor: Aaron Liston, 12/14/1995
Flora contributor: treatment pending

Oxytropis campestris (L.) DC. var. cusickii (Greenm.) Barneby
Common names: Cusick's crazyweed
Origin: native
Voucher: OSC, most recently collected in 2010.
FPN - 272, accepted, not in Oregon; GWM - 220, accepted, in Oregon (explicit); PEK - 490, accepted, in Oregon (explicit); VP - 3:340, accepted, in Oregon (explicit).
Synonyms:
Oxytropis cusickii Greenm.
IL - 2:611, accepted, in Oregon (explicit).

Oxytropis deflexa (Pall.) DC. var. sericea Torr. & A. Gray
Common names: pendent podded crazyweed
Origin: native
Voucher: WILLU, most recently collected in 2002.
FPN - 271, accepted, in Oregon (explicit); IN - 3b:177, accepted, not in Oregon; JPM - 640, accepted, in Oregon (implied); JPM2 - 782, accepted, in Oregon (implied); PEK - 490, accepted, in Oregon (explicit); VP - 3:342, accepted, in Oregon (explicit).

Oxytropis sericea Nutt. var. sericea
Common names: Rocky Mountain oxytropis
Origin: native
Voucher: ORE, most recently collected in 2005.
FPN - 272, accepted, not in Oregon.

Oxytropis viscida Nutt. var. viscida
Common names: sticky crazyweed
Origin: native
Barneby, 1952 - .
Voucher: OSC, most recently collected in 2013.
Synonyms:
Oxytropis borealis DC. var. viscida (Nutt.) S.L. Welsh
JPM - 640, accepted, in Oregon (implied); JPM2 - 782, accepted, in Oregon (explicit).

Literature cited for Oxytropis
(Excluding the standard references unless specifically cited in the flora manuscript.)

Pisum
Checklist contributor: Richard Halse, 10/26/1996
Flora contributor: treatment pending

Pisum sativum L. var. arvense (L.) Poir.
Common names: common pea, garden pea
Origin: exotic, not naturalized
Voucher: ORE, most recently collected in 2002.
JPM - 641, synonym for Pisum sativum, not in Oregon, CA-FP, to e US, elsewhere; native to Medit., cult worldwide; KZ - 1:304, synonym for Pisum sativum, no geog. info. given.
Literature cited for Pisum
(Excluding the standard references unless specifically cited in the flora manuscript.)

Pueraria
Checklist contributor: Scott Sundberg, 1/1/2001
Flora contributor: Stephen Meyers

Pueraria montana (Lour.) Merr. var. lobata (Willd.) Maesen & S.M. Almeida
Common names: kudzu
Origin: exotic, naturalized
Voucher: OSC
Sundberg, 2000C - .

Literature cited for Pueraria
(Excluding the standard references unless specifically cited in the flora manuscript.)

Robinia
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

Robinia hispida L.
Common names: bristly locust
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2013.

Robinia pseudoacacia L.
Common names: black locust
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2012.
IN - 3b:18, accepted, in Oregon (implied); JPM - 643, accepted, given distribution: CA-FP, GB; native to e US; JPM2 - 786, accepted, given distribution: CA-FP, GB; native to e US, widely cult..
Synonyms:
Robinia pseudo-acacia L.
orthographic variant
FPN - 273, accepted, in Oregon (implied), "native in E US, often planted and rather widely escaped, esp near habitations or along rivers"; IL - 2:562, accepted, in Oregon (implied), Native of eastern North America and extensively cultivated...becoming naturalized in the Pacific states.; VP - 3:351, accepted, in Oregon (implied).

Literature cited for Robinia
(Excluding the standard references unless specifically cited in the flora manuscript.)

Rupertia
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending
**Rupertia physodes (Hook.) J.W. Grimes**
Common names: California tea, scurf pea
Origin: native
Voucher: OSC, most recently collected in 2013.
JPM - 644, accepted, in Oregon (implied); JPM2 - 787, accepted, in Oregon (implied).

**Synonyms:**
- *Psoralea physodes* Douglas ex Hook.
  - FPN - 273, accepted, in Oregon (implied); IL - 2:553, accepted, in Oregon (implied); PEK - 473, accepted, in Oregon (explicit); VP - 3:349, accepted, in Oregon (implied).

**Literature cited for Rupertia**
(Excluding the standard references unless specifically cited in the flora manuscript.)

**Securigera**
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

**Securigera varia (L.) Lassen**
Common names: crown vetch
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2009.

**Synonyms:**
- *Coronilla varia* L.
  - FPN - 260, accepted, in Oregon (explicit); IL - 2:613, accepted, in Oregon (explicit); IN - 3b:198, accepted, in Oregon (implied); JPM2 - 753, accepted, given distribution: n SN, ScV, expected elsewhere; widely cult, established, esp e US; native to Eurasia.; VP - 3:272, accepted, in Oregon (explicit).

**Literature cited for Securigera**
(Excluding the standard references unless specifically cited in the flora manuscript.)

**Sophora**
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

**Sophora leachiana M. Peck**
Common names: western sophora
Origin: native
Voucher: OSC, most recently collected in 2003.
PEK - 449, accepted, in Oregon (explicit); Wade, 2001 - .

**Literature cited for Sophora**
(Excluding the standard references unless specifically cited in the flora manuscript.)

**Spartium**
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending
Spartium junceum L.
Common names: Spanish broom
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2009.
JPM - 644, accepted, not in Oregon; JPM2 - 788, accepted, no geog. info. given.

Literature cited for Spartium
(Excluding the standard references unless specifically cited in the flora manuscript.)

Sphaerophysa
Checklist contributor: Aaron Liston, 12/14/1995
Flora contributor: Richard Halse

Sphaerophysa salsula (Pall.) DC.
Common names: red swainsona, Austrian pea weed
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2001.
IL - 2:611, accepted, in Oregon (explicit); IN - 3b:38, accepted, not in Oregon; JPM - 646, accepted, given distribution: s SnJV, possibly elsewhere; sporadic in w US; native to Asia; JPM2 - 788, accepted, given distribution: s SnJV, possibly elsewhere; sporadic in w US; native to Asia.; PEK - 489, accepted, in Oregon (explicit).
Synonyms:
Swainsona salsula (Pall.) Taub.
FPN - 273, accepted, in Oregon (explicit); VP - 3:351, accepted, in Oregon (explicit).

Thermopsis
Flora contributor: treatment pending

Thermopsis gracilis Howell
Common names: slender thermopsis, golden pea
Origin: native
Voucher: OSC, most recently collected in 2008.
IL - 2:482, accepted, in Oregon (explicit); JPM2 - 789, accepted, in Oregon (explicit); PEK - 448, accepted, in Oregon (explicit).
Synonyms:
Thermopsis macrophylla Hook. & Arn.
IL - 2:482, accepted, in Oregon (explicit); JPM - 646, accepted, in Oregon (explicit); JPM2 - 789, accepted, not in Oregon; PEK - 448, accepted, in Oregon (explicit).
Thermopsis subglabra L.F. Hend.
FPN - 274, matched with T. subglaber (minor spelling difference), synonym for Thermopsis montana var. venosa, in Oregon (explicit); PEK - 448, accepted, in Oregon (explicit).
Thermopsis macrophylla Hook. & Arn. var. venosa (Eastw.) Isely
JPM - 646, accepted, in Oregon (explicit).
Thermopsis montana Nutt. var. venosa (Eastw.) Jeps.
FPN - 274, accepted, in Oregon (explicit); VP - 3:352, accepted, in Oregon (explicit).

Thermopsis rhombifolia (Nutt. ex Pursh) Nutt. ex Richardson var. montana (Nutt. ex Torr. & A. Gray) Isely
Common names: golden pea, mountain thermopsis
Origin: native
IN - 3b:236, accepted, in Oregon (explicit).
Synonyms:
Thermopsis montana Nutt. var. montana
FPN - 274, accepted, in Oregon (explicit); PEK - 447, (subtaxon implied), accepted, in Oregon (explicit); VP - 3:352, accepted, in Oregon (explicit).
**Thermopsis rhombifolia (Nutt. ex Pursh) Nutt. ex Richardson var. ovata (B.L. Rob. ex Piper) Isely**

Common names: common thermopsis  
Origin: native  
Voucher: OSC, most recently collected in 2001.  
IN - 3b:236, accepted, in Oregon (explicit).  

**Synonyms:**  
Thermopsis montana Nutt. var. ovata (B.L. Rob. ex Piper) Isely  
FPN - 274, accepted, in Oregon (implied); IL - 2:482, synonym for Thermopsis gracilis, in Oregon (explicit); PEK - 448, accepted, in Oregon (explicit); VP - 3:352, accepted, in Oregon (explicit).  

---

**Literature cited for Thermopsis**  
(Excluding the standard references unless specifically cited in the flora manuscript.)  

---

**Trifolium**

Checklist contributor: Michael Vincent, Henrietta Chambers, 12/5/2006  
Flora contributor: treatment pending

---

**Trifolium albopurpureum Torr. & A. Gray**

Common names: rancheria clover  
Origin: native  
Voucher: ORE, most recently collected in 2012.  
FPN - 276, synonym for Trifolium macraei var. albopurpureum, in Oregon (explicit); IL - 2:531, accepted, in Oregon (implied); JPM - 649, accepted, in Oregon (implied); JPM2 - 792, accepted, in Oregon (implied); PEK - 466, accepted, in Oregon (explicit); VP - 3:364, synonym for Trifolium macraei, in Oregon.  

**Synonyms:**  
Trifolium albopurpureum Torr. & A. Gray var. albopurpureum  
IL - 2:531, accepted, in Oregon (implied); JPM - 649, accepted, in Oregon (implied).  

Trifolium macraei Hook. & Arn. var. albopurpureum (Torr. & A. Gray) Greene  
FPN - 276, accepted, in Oregon (explicit); IL - 2:531, synonym for Trifolium albopurpureum, in Oregon (implied); VP - 3:364, accepted for Trifolium macraei, in Oregon.  

---

**Trifolium angustifolium L.**

Common names: narrowleaf crimson clover  
Origin: exotic, naturalized  
Voucher: OSC, most recently collected in 2012.  
JPM - 649, accepted, in Oregon (explicit); JPM2 - 792, accepted, in Oregon (explicit).  

---

**Trifolium arvense L.**

Common names: hare's foot, rabbitfoot clover  
Origin: exotic, naturalized  
Voucher: ORE, most recently collected in 2012.  
FPN - 276, accepted, in Oregon (implied); IL - 2:530, accepted, in Oregon (explicit); JPM - 649, accepted, in Oregon (implied); JPM2 - 792, accepted, in Oregon (implied); PEK - 466, accepted, in Oregon (explicit); VP - 3:357, accepted, in Oregon.  

---

**Trifolium aureum Pollich**

Common names: golden clover, hop clover  
Origin: exotic, not naturalized  
Voucher: OSC, most recently collected in 2001.  
JPM - 649, accepted, in Oregon (implied); JPM2 - 792, accepted, in Oregon (implied).

Common names: rose clover
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2013.
JPM - 652, accepted, given distribution: CA-FP; sporadic to e US; native to Eurasia, n Afr; JPM2 - 795, accepted, not in Oregon.

Trifolium howellii S. Watson
Common names: Howell's clover
Origin: native
Voucher: ORE, most recently collected in 2010.
FPN - 277, accepted, in Oregon (explicit); IL - 2:526, accepted, in Oregon (explicit); JPM - 652, accepted, in Oregon (explicit); JPM2 - 795, accepted, in Oregon (explicit); PEK - 464, accepted, in Oregon (explicit); VP - 3:363, accepted, in Oregon (explicit).

Trifolium hybridum L.
Common names: alsike clover
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2010.
FPN - 277, accepted, in Oregon (implied), Generally established in w US.; GWM - 223, accepted, in Oregon (explicit); IL - 2:524, accepted, in Oregon (explicit); IN - 3b:226, accepted, in Oregon, Native to Eurasia.; JPM - 652, accepted, in Oregon (implied); JPM2 - 795, accepted, in Oregon (implied); PEK - 465, accepted, in Oregon (explicit), Native of Europe.; VP - 3:363, accepted, in Oregon (implied).

Trifolium incarnatum L.
Common names: crimson clover
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 1999.
FPN - 275, accepted, in Oregon (explicit); IL - 2:530, accepted, in Oregon (implied); IN - 3b:212, accepted, in Oregon, An Old World species much planted for winter-annual forage and may occur as waif in hay or on roadsides.; JPM - 652, accepted, given distribution: CA-FP; naturalized in se US; native to s Eur; JPM2 - 795, accepted, not in Oregon; PEK - 466, accepted, in Oregon (explicit), Native of Europe.; VP - 3:363, accepted, in Oregon (explicit).

Trifolium kingii S. Watson var. productum (Greene) Jeps.
Common names: King's clover
Origin: native
Voucher: ORE, most recently collected in 2012.
IL - 2:526, synonym for Trifolium productum, in Oregon (explicit); IN - 3b:223, accepted, in Oregon; JPM - 652, accepted, in Oregon (explicit); PEK - 463, accepted, in Oregon (explicit); VP - 3:369, synonym for Trifolium productum, in Oregon.

Synonyms:
Trifolium productum Greene
FPN - 277, accepted, in Oregon (explicit); GWM - 224, accepted, in Oregon (explicit); IL - 2:526, accepted, in Oregon (explicit); IN - 3b:223, accepted, no geog. info. given, Not treated.; JPM - 652, synonym for Trifolium kingii, in Oregon; JPM2 - 796, accepted, in Oregon (explicit); VP - 3:369, accepted, in Oregon (explicit).

Trifolium latifolium (Hook.) Greene
Common names: twin clover
Origin: native
Voucher: ORE, most recently collected in 2005.
FPN - 278, accepted, in Oregon (explicit); GWM - 223, accepted, in Oregon (explicit); VP - 3:363, accepted, in Oregon.

Trifolium leibergii A. Nelson & J.F. Macbr.
Common names: Leiberg's clover
Origin: native
Voucher: ORE, most recently collected in 2009.
IN - 3b:224, accepted, in Oregon; VP - 3:361, accepted, in Oregon; Walker, 2000 - .
**Trifolium longipes Nutt. var. elmeri (Greene) McDermott**  
Common names: Elmer's clover  
Origin: native  
Voucher: ORE, most recently collected in 2007.  
JPM - 652, accepted, in Oregon (explicit); PEK - 464, accepted, in Oregon (explicit).

**Synonyms:**  
Trifolium longipes Nutt. ssp. elmeri (Greene) J.M. Gillett  
JPM2 - 795, accepted, in Oregon (explicit).

---

**Trifolium longipes Nutt. var. hansenii (Greene) Jeps.**  
Common names: Hansen's clover  
Origin: native  
Voucher: ORE, most recently collected in 2013.  
FPN - 277, accepted, in Oregon (explicit).

**Synonyms:**  
Trifolium longipes Nutt. ssp. hansenii (Greene) J.M. Gillett  
FPN - 277, synonym for Trifolium longipes var. hansenii, in Oregon (explicit); IN - 3b:220, accepted, in Oregon; JPM2 - 795, accepted, in Oregon (explicit).

**Trifolium longipes Nutt. var. nevadense Jeps.**  
FPN - 277, synonym for Trifolium longipes var. hansenii, in Oregon; IN - 3b:218, synonym for Trifolium longipes var. hansenii, in Oregon; JPM - 652, accepted, in Oregon (explicit).

---

**Trifolium longipes Nutt. var. multiovulatum (L.F. Hend.) C.L. Hitchc.**  
Common names: longstalk clover  
Origin: native  
Voucher: ORE, most recently collected in 1995.  
FPN - 277, accepted, in Oregon (explicit); GWM - 223, accepted, in Oregon (explicit).

**Misapplied names:**  
Trifolium longipes Nutt. ssp. shastense (House) J.M. Gillett  
JPM2 - 795, accepted, not in Oregon.

**Trifolium longipes Nutt. var. shastense (House) Jeps.**  
FPN - 277, synonym for Trifolium longipes var. multiovulatum, in Oregon (explicit), misapplied; JPM - 652, accepted, in Oregon (implied); VP - 3:364, accepted for Trifolium longipes, in Oregon (explicit).

---

**Trifolium longipes Nutt. var. multipedunculatum (P.B. Kenn.) J.S. Martin**  
Common names: many stalked clover  
Origin: native  
Voucher: ORE, most recently collected in 2010.  
IN - 3b:219, accepted, in Oregon; JPM - 652, synonym for Trifolium longipes var. shastense, in Oregon.

**Synonyms:**  
Trifolium longipes Nutt. ssp. multipedunculatum (P.B. Kenn.) J.M. Gillett  
FPN - 278, synonym for Trifolium multipedunculatum, in Oregon (explicit); GWM - 223, accepted, in Oregon (explicit); IN - 3b:219, synonym for Trifolium longipes var. multipedunculatum, in Oregon; JPM2 - 795, accepted, in Oregon (implied).

**Trifolium multipedunculatum P.B. Kenn.**  
FPN - 278, accepted, in Oregon (explicit); IL - 2:527, synonym for Trifolium oreganum, in Oregon (explicit); IN - 3b:218, synonym for Trifolium longipes var. multipedunculatum, in Oregon; VP - 3:366, accepted, in Oregon (explicit).
Trifolium longipes Nutt. var. oreganum (Howell) Isely
Common names: Oregon clover
Origin: native
Voucher: ORE, most recently collected in 1994.
JPM - 652, accepted, in Oregon (explicit).

Synonyms:
Trifolium longipes Nutt. ssp. oreganum (Howell) J.M. Gillett
JPM2 - 795, accepted, in Oregon (explicit).

Trifolium oreganum Howell var. oreganum
PEK - 464, (subtaxon implied), accepted, in Oregon (explicit).

Trifolium longipes Nutt. var. reflexum A. Nelson
Common names: droopflower clover
Origin: native
Voucher: ORE, most recently collected in 2000.
FPN - 277, accepted, in Oregon (explicit); GWM - 223, accepted, in Oregon (explicit); IN - 3b:220, accepted, in Oregon; VP - 3:364, synonym for Trifolium longipes, in Oregon (explicit).

Synonyms:
Trifolium oreganum Howell var. rydbergii (Greene) McDermott
IN - 3b:220, synonym for Trifolium longipes var. reflexum, not in Oregon; PEK - 464, accepted, in Oregon (explicit);
VP - 3:364, synonym for Trifolium longipes, in Oregon.

Trifolium macraei Hook. & Arn.
Common names: Chilean clover, Macrae's clover, rancheria clover
Origin: native
Voucher: ORE, most recently collected in 1982.
FPN - 276, accepted, in Oregon; IL - 2:530, accepted, not in Oregon; JPM - 653, accepted, not in Oregon; JPM2 - 796, accepted, not in Oregon; PEK - 466, accepted, in Oregon (explicit); VP - 3:364, accepted, in Oregon.

Trifolium macrocephalum (Pursh) Poir.
Common names: big headed clover
Origin: native
Voucher: ORE, most recently collected in 2011.
FPN - 275, accepted, in Oregon (implied); GWM - 223, accepted, in Oregon (explicit); IL - 2:527, accepted, in Oregon (implied); IN - 3b:215, accepted, in Oregon; JPM - 653, accepted, in Oregon (implied); JPM2 - 796, accepted, in Oregon (implied); PEK - 462, accepted, in Oregon (explicit); VP - 3:366, accepted, in Oregon (explicit).

Trifolium microcephalum Pursh
Common names: small headed clover, woolly clover
Origin: native
Voucher: ORE, most recently collected in 2011.
FPN - 275, accepted, in Oregon (explicit); IL - 2:533, accepted, given distribution: British Columbia and Montana to Lower CA and NV.; IN - 3b:231, accepted, in Oregon; JPM - 653, accepted, in Oregon (implied); JPM2 - 796, accepted, in Oregon (implied); PEK - 468, accepted, in Oregon (explicit); VP - 3:366, accepted, in Oregon (explicit).

Trifolium microdon Hook. & Arn.
Common names: thimble clover
Origin: native
Voucher: ORE, most recently collected in 2005.
FPN - 275, accepted, in Oregon (implied); IL - 2:533, accepted, in Oregon (implied); JPM - 653, accepted, in Oregon (implied); JPM2 - 796, accepted, in Oregon (implied); PEK - 468, accepted, in Oregon (explicit); VP - 3:366, accepted, in Oregon.
Trifolium obtusiflorum Hook.
Common names: clammy clover, sand clover
Origin: native
Voucher: ORE, most recently collected in 1977.
FPN - 275, synonym for Trifolium tridentatum, in Oregon (implied); IL - 2:535, accepted, in Oregon (explicit); JPM - 653, accepted, in Oregon (explicit); JPM2 - 796, accepted, in Oregon (explicit); PEK - 467, accepted, in Oregon (explicit); VP - 3:370, synonym for Trifolium tridentatum, in Oregon.
Synonyms:
Trifolium tridentatum Lindl.
in part

Trifolium oliganthum Steud.
Common names: few flowered clover
Origin: native
Voucher: ORE, most recently collected in 2009.
FPN - 275, accepted, in Oregon (implied); IL - 2:534, accepted, in Oregon (explicit); IN - 3b:230, accepted, in Oregon, Not treated.; JPM - 653, accepted, in Oregon (implied); JPM2 - 796, accepted, in Oregon (implied); PEK - 468, accepted, in Oregon (explicit); VP - 3:367, accepted, in Oregon (implied).

Trifolium owyheense Gilkey
Common names: Owyhee clover
Origin: native
Voucher: ORE, most recently collected in 1999.
IN - 3b:216, accepted, in Oregon.

Trifolium plumosum Douglas ex Hook. ssp. plumosum
Common names: plumed clover
Origin: native
Voucher: ORE, most recently collected in 2008.
Synonyms:
Trifolium plumosum Douglas ex Hook. var. plumosum
FPN - 278, accepted, in Oregon (explicit); VP - 3:369, accepted, in Oregon (explicit).

Trifolium pratense L.
Common names: red clover
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2006.
FPN - 277, accepted, given distribution: European, often cult, now fairly widely intro; GWM - 223, accepted, in Oregon (explicit); IL - 2:530, accepted, in Oregon (implied); IN - 3b:214, accepted, in Oregon, Native to Eurasia and n. Africa.; JPM - 653, accepted, in Oregon (implied); JPM2 - 796, accepted, in Oregon (implied); PEK - 466, accepted, in Oregon (explicit); VP - 3:369, accepted, in Oregon (implied).

Trifolium repens L.
Common names: white clover, Dutch clover
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2005.
FPN - 276, accepted, given distribution: waste areas to mt meadows; GWM - 224, accepted, in Oregon (explicit); IL - 2:524, accepted, in Oregon (implied); IN - 3b:227, accepted, in Oregon, Native to Eurasia.; JPM - 653, accepted, in Oregon (implied); JPM2 - 796, accepted, in Oregon (implied); PEK - 465, accepted, in Oregon (explicit); VP - 3:370, accepted, in Oregon (implied).

Trifolium resupinatum L.
Common names: Persian clover
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 2010.
JPM2 - 790, accepted, in Oregon (implied).

Trifolium resupinatum L.
Common names: Persian clover
Origin: exotic, not naturalized
Voucher: OSC, most recently collected in 2010.
JPM2 - 790, accepted, in Oregon (implied).

**Trifolium wormskioldii Lehm.**
Common names: springbank clover
Origin: native
Voucher: ORE, most recently collected in 2009.
IN - 3b:228, accepted, in Oregon; JPM - 654, accepted, in Oregon (implied); JPM2 - 798, accepted, in Oregon (implied).

**Synonyms:**
- *Trifolium wormskioldii Lehm.*
  FPN - 274, accepted, in Oregon; IL - 2:534, excluded. "[T. fimbriatum] has been referred to T. wormskjoldii Lehm. which is said to have come from Greenland and is of doubtful determination."; PEK - 467, synonym for *Trifolium willdenovii*, in Oregon; VP - 3:372, accepted, in Oregon (implied).
- *Trifolium fimbriatum Lindl.*
  FPN - 274, synonym for *Trifolium wormskjoldii*, in Oregon; IL - 2:534, accepted, in Oregon (implied); IN - 3b:228, synonym for *Trifolium wormskioldii var. wormskioldii*, in Oregon (implied); VP - 3:372, synonym for *Trifolium wormskjoldii*, in Oregon.
- *Trifolium wormskioldii Lehm. var. wormskioldii*
  IN - 3b:229, accepted, in Oregon.

**Literature cited for Trifolium**
(Excluding the standard references unless specifically cited in the flora manuscript.)

**Ulex**
Checklist contributor: Richard Halse, 10/1/2000
Flora contributor: treatment pending

**Ulex europaeus L.**
Common names: gorse, furze
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2006.
FPN - 278, accepted, in Oregon (implied); IL - 2:519, accepted, in Oregon (implied); JPM2 - 799, accepted, no geog. info. given; PEK - 449, accepted, in Oregon (explicit); VP - 3:372, accepted, in Oregon (implied).

**Synonyms:**
- *Ulex europaea* L.
  JPM - 654, accepted, given distribution: NCo, NCoRO, CaRF, n&c SNF, SnFrB, SCoRI, SCo, PR; native to w Eur.

**Literature cited for Ulex**
(Excluding the standard references unless specifically cited in the flora manuscript.)

**Vicia**
Checklist contributor: Steven Broich, 7/7/1998
Flora contributor: Steven Broich
Vicia americana Muhl. ex Willd. var. americana
Common names: American vetch
Origin: native
Voucher: OSC, most recently collected in 2012.
IN - 3b:200, accepted, in Oregon (implied); JPM - 656, accepted, in Oregon (implied).

Synonyms:
Vicia americana Muhl. ex Willd. ssp. americana
IL - 2:617, (subtaxon implied), accepted, not in Oregon; JPM2 - 800, accepted, in Oregon (implied).

Vicia americana Muhl. ex Willd. var. villosa (Kellogg) F.J. Herm.
FPN - 279, accepted, in Oregon (implied); VP - 3:374, accepted, in Oregon (explicit).

Vicia californica Greene
FPN - 279, synonym for Vicia americana var. villosa, in Oregon (implied); IL - 2:617, accepted, in Oregon (explicit);
PEK - 493, accepted, in Oregon (explicit).

Vicia americana Muhl. ex Willd. ssp. oregana (Nutt.) Abrams
IL - 2:617, accepted, in Oregon (explicit).

Vicia americana Muhl. ex Willd. var. linearis (Nutt.) S. Watson
IL - 2:617, accepted, in Oregon (implied); PEK - 493, accepted, in Oregon (explicit).

Vicia americana Muhl. ex Willd. var. truncata (Nutt.) Brewer
FPN - 279, accepted, in Oregon (implied); Gunn, 1968 - ; IL - 2:617, accepted, in Oregon (implied); VP - 3:374, accepted, in Oregon (implied).

Vicia americana Muhl. ex Willd. var. oregana (Nutt.) Nels.
IL - 2:617, synonym for Vicia americana ssp. oregana, in Oregon (explicit); PEK - 492, accepted, in Oregon (explicit).

Vicia cracca L.
Common names: bird vetch, cat peas
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2010.
FPN - 279, accepted, given distribution: occ in RM and w; IL - 2:617, accepted, in Oregon (implied); JPM - 656, accepted, given
distribution: NCoR, MP; to ne US, e Can; native to Eur; JPM2 - 800, accepted, not in Oregon; PEK - 492, accepted, in Oregon (explicit);
VP - 3:374, accepted, in Oregon (implied).

Synonyms:
Vicia semicincta Greene
IL - 2:617, matched with V. semicinecta (minor spelling difference), synonym for Vicia cracca, in Oregon (implied);
PEK - 492, accepted, in Oregon (explicit).

Vicia hassei S. Watson
Common names: Hass' vetch
Origin: native
Voucher: ORE, most recently collected in 1889.
IL - 2:617, synonym for Vicia exigua var. hassei, in Oregon (implied); JPM - 656, accepted, in Oregon (explicit); JPM2 - 800, accepted, in Oregon (explicit); Lassetter, 1975 - .

Synonyms:
Vicia exigua Nutt. var. hassei (S. Watson) Jeps.
IL - 2:617, accepted, in Oregon (implied).

Vicia hirsuta (L.) Gray
Common names: hairy vetch, tiny vetch
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2008.
FPN - 279, accepted, in Oregon (explicit); IL - 2:615, accepted, in Oregon (explicit); JPM - 656, accepted, in Oregon (implied); JPM2 - 800, accepted, in Oregon (implied); PEK - 491, accepted, in Oregon (explicit); VP - 3:376, accepted, in Oregon (explicit).

Vicia lutea L.
Common names: yellow vetch
Origin: exotic, naturalized
Voucher: OSC, most recently collected in 2006.
JPM - 657, accepted, not in Oregon; JPM2 - 800, accepted, not in Oregon.
**Vicia nigricans Hook. & Arn. var. gigantea (Hook.) S.L. Broich**

Common names: giant vetch

Origin: native

Voucher: OSC, most recently collected in 2005.

Synonyms:

*Vicia gigantea Hook.*

FPN - 279, accepted, in Oregon (explicit); IL - 2:617, accepted, in Oregon (explicit); JPM - 656, accepted, in Oregon (implied); JPM2 - 800, accepted, in Oregon (implied); Lasseter & Gunn, 1979 - ; PEK - 492, accepted, in Oregon (explicit); VP - 3:376, accepted, in Oregon (explicit).

---

**Vicia pannonica Crantz**

Common names: Hungarian vetch

Origin: exotic, not naturalized

Voucher: ORE, most recently collected in 1985.

FPN - 279, accepted, in Oregon (explicit); IL - 2:618, accepted, in Oregon (explicit); JPM - 657, accepted, given distribution: NCoRO (Sonoma Co.), probably elsewhere; sporadic US; native to Eur; JPM2 - 799, accepted, given distribution: NCoRO (Sonoma Co.), SCo (Santa Barbara); sporadic US; native to Eur.; PEK - 492, accepted, in Oregon (explicit); VP - 3:376, accepted, in Oregon (explicit).

---

**Vicia sativa L. var. angustifolia (L.) Ser.**

Common names: smaller common vetch

Origin: exotic, naturalized

Voucher: ORE, most recently collected in 2008.

FPN - 279, accepted, in Oregon (implied); IL - 2:615, synonym for Vicia angustifolia, in Oregon (implied); VP - 3:377, accepted, in Oregon (implied).

Synonyms:

*Vicia sativa L. var. angustifolia (L.) Ser.*

VPM - 657, accepted, given distribution: CA-FP; to se US; JPM2 - 800, accepted, not in Oregon.

---

**Vicia sativa L. var. sativa**

Common names: common vetch, tare

Origin: exotic, naturalized

Voucher: OSC, most recently collected in 2005.

FPN - 279, accepted, in Oregon (explicit); VP - 3:377, accepted, in Oregon (explicit).

Synonyms:

*Vicia sativa L. var. sativa*

VPM - 657, accepted, given distribution: CA-FP; to e US; JPM2 - 800, accepted, not in Oregon.

---

**Vicia tetrasperma L.**

Common names: smooth tare

Origin: exotic, naturalized

Voucher: ORE, most recently collected in 2011.

FPN - 279, accepted, in Oregon (explicit); IL - 2:616, accepted, in Oregon (explicit); JPM - 657, accepted, in Oregon (implied); JPM2 - 800, accepted, in Oregon (implied); PEK - 492, accepted, in Oregon (explicit); VP - 3:377, accepted, in Oregon (explicit).

---

**Vicia villosa Roth var. glabrescens Koch**

Common names: winter vetch, hairy vetch

Origin: exotic, naturalized

Voucher: ORE, most recently collected in 2013.

PEK - 492, accepted, in Oregon (explicit).

Synonyms:

*Vicia villosa Roth ssp. varia (Host) Corb.*

JPM - 657, accepted, not in Oregon; JPM2 - 802, accepted, given distribution: NCo, NCoRO, NCoRI, CaRF, n SN, GV, CW (exc CCo), TR, PR (exc SnJt), SNE; introduced in US; native to Eur.
Vicia villosa Roth var. villosa
Common names: winter vetch, fodder vetch, hairy vetch
Origin: exotic, naturalized
Voucher: ORE, most recently collected in 2011.
PEK - 492, (subtaxon implied), accepted, in Oregon (explicit).

Synonyms:
Vicia villosa Roth ssp. villosa
JPM - 657, accepted, not in Oregon; JPM2 - 802, accepted, given distribution: NCo, KR, NCoRI, c SNF, n SNH, GV, CW (exc SCoRI), SCo, n ChI, SnGb, PR (exc SnJt), GB (exc W&I); introduced, cult in w&s US; native to Eur.

**Literature cited for Vicia**
(Excluding the standard references unless specifically cited in the flora manuscript.)
Excluded names:

Astragalus adsurgens Pall. ssp. robustior (Hook.) S.L. Welsh

Astragalus agnicidis Barneby

Astragalus araneosus E. Sheld.
IL - 2:598, accepted, in Oregon (explicit).

Astragalus arrectus A. Gray
FPN - 260, accepted, not in Oregon; IL - 2:594, accepted, in Oregon (explicit); PEK - 480, accepted, in Oregon (explicit).

Astragalus atropubescens J.M. Coult. & Fisher
FPN - 241, accepted, not in Oregon.

Astragalus cusickii A. Gray var. flexilipes Barneby
FPN - 233, 249, accepted, not in Oregon; VP - 3:321, accepted, not in Oregon.

Astragalus inversus M.E. Jones
IL - 2:571, accepted, not in Oregon; JPM - 594, accepted, not in Oregon; JPM2 - 740, accepted, not in Oregon.

Astragalus kentrophyta A. Gray var. kentrophyta
FPN - 230, accepted, not in Oregon; PEK - 476, (subtaxon implied), accepted, in Oregon (explicit); VP - 3:241, accepted, in Oregon (explicit).

Astragalus oreganus Nutt.
Oregon Flora Project, 1996C - .

Astragalus pulsiferae A. Gray
FPN - 245, accepted, given distribution: Klickitat Co, Wn, and ne Cal and adj Nev; IL - 2:587, accepted, in Oregon (implied); IN - 3b:166, accepted, not in Oregon; JPM - 601, accepted, not in Oregon; PEK - 483, accepted, in Oregon (explicit); VP - 3:255, accepted, in Oregon (explicit).

Astragalus reventiformis (Rydb.) Barneby
Barneby, 1964 - ; FPN - 234, 255, accepted, in Oregon (explicit).

   Synonyms:
   Astragalus reventus A. Gray var. canbyi M.E. Jones
   FPN - 234; 255, synonym for Astragalus reventiformis, in Oregon (explicit); VP - 3:257, accepted, in Oregon (explicit).

Astragalus striatus Nutt.
FPN - 231, synonym for Astragalus adsurgens, not in Oregon; IL - 2:607, accepted, in Oregon (explicit); VP - 3:265, accepted, not in Oregon.

Astragalus utahensis (Torr.) Torr. & A. Gray
IL - 2:577, accepted, in Oregon (explicit); IN - 3b:132, accepted, not in Oregon.

Caragana arborescens Lam.
JPM - 606, accepted, not in Oregon.

Hedysarum occidentale Greene
FPN - 261, accepted, not in Oregon; IL - 2:614, accepted, not in Oregon; IN - 3b:189, accepted, in Oregon (implied); PEK - 490, accepted, in Oregon (explicit); VP - 3:277, accepted, not in Oregon.

Hedysarum sulphurescens Rydb.
FPN - 261, accepted, not in Oregon; IL - 2:614, accepted, not in Oregon; VP - 3:278, accepted, not in Oregon.
Lathyrus laetiflorus Greene
IL - 2:626, accepted, not in Oregon; IN - 3b:208, accepted, in Oregon (explicit); Munz & Keck, 1959 - 892..

Lathyrus pratensis L.
FPN - 262, accepted, no geog. info. given, …rarely escaped…; VP - 3:288, accepted, not in Oregon.

Lathyrus pusillus Elliott
FPN - 262, accepted, in Oregon (explicit); IL - 2:619, accepted, in Oregon (explicit); PEK - 497, accepted, in Oregon (explicit), native to SE U.S., 'sparingly established in the Willamette and Umpqua valleys.'.

Lotus balsamiferus (Kellogg) Greene
IL - 2:541, synonym for Hosackia stipularis Benth. ssp. balsamifera (Kell.) Abrams, not in Oregon; Kartesz & Meacham, 2007 - synonym for Lotus stipularis var. stipularis, in Oregon, rare in OR, cites Jackson Co. voucher at OSU and Josephine Co. voucher at SOU.; KZ - 2:449, synonym for Lotus stipularis var. stipularis.

Lotus yollaoliensis Munz
JPM - 622, accepted, not in Oregon; Kartesz & Meacham, 2007 - accepted, not in Oregon, endemic to CA; KZ - 2:450, accepted.

Lupinus albilobus Benth. var. collinus Greene
IL - 2:505, accepted, not in Oregon; JPM - 627, accepted, not in Oregon; JPM2 - 769, accepted, in Oregon (explicit); Kartesz & Meacham, 2007 - accepted, not in Oregon, endemic to CA; KZ - 2:452, accepted.

Lupinus alpicola L.F. Hend. ex Piper
IL - 2:505, accepted, in Oregon (explicit); PEK - 457, accepted, in Oregon (explicit).

Lupinus arbustus Douglas ex Lindl. × Lupinus polyphyllus Lindl. var. saxosus (Howell) Barneby

Lupinus argenteus Pursh × Lupinus polyphyllus Lindl. var. saxosus (Howell) Barneby

Lupinus aridus Douglas var. torreyi C.P. Sm.
IL - 2:496, accepted, in Oregon (implied); PEK - 453, accepted, in Oregon (explicit).

Lupinus breviolus A. Gray var. bryoides C.P. Sm.
IL - 2:502, accepted, not in Oregon; JPM - 628, accepted, not in Oregon; JPM2 - 770, accepted, not in Oregon.

Lupinus lapidicola A. Heller
IL - 2:505, accepted, not in Oregon; JPM - 632, accepted, not in Oregon; JPM2 - 773, accepted, not in Oregon.

Medicago apiculata Bastard
IL - 2:530, accepted, in Oregon (implied).

Thermopsis argentata Greene
IL - 2:482, accepted, not in Oregon; PEK - 448, accepted, in Oregon (explicit).

Synonyms:
Thermopsis macrophylla Hook. & Arn. var. argentata (Greene) Jeps.
JPM - 646, accepted, not in Oregon.

Thermopsis californica S. Watson var. argentata (Greene) C.J. Chen & B.L. Turner
JPM2 - 788, accepted, not in Oregon.

Trifolium andersonii A. Gray
IL - 2:527, accepted, in Oregon (explicit); IN - 3b:215, accepted, in Oregon; JPM - 649, accepted, in Oregon (explicit); PEK - 462, accepted, in Oregon (explicit).
Trifolium andersonii A. Gray ssp. andersonii
IN - 3b:216, accepted, in Oregon (explicit); JPM2 - 792, accepted, not in Oregon.

Synonyms:
Trifolium andersonii A. Gray var. andersonii
JPM - 649, accepted, not in Oregon.

Trifolium bifidum A. Gray ssp. bifidum

Synonyms:
Trifolium bifidum A. Gray var. bifidum
IL - 2:523, (subtaxon implied), accepted, in Oregon (explicit); JPM - 650, accepted, not in Oregon; JPM2 - 792, accepted, not in Oregon; VP - 3:357, accepted, not in Oregon.

Trifolium gracilentum Torr. & A. Gray var. gracilentum
IL - 2:524, (subtaxon implied), accepted, in Oregon (implied); JPM - 652, accepted, in Oregon (implied).

Synonyms:
Trifolium gracilentum Torr. & A. Gray
FPN - 276, accepted, in Oregon (implied); IL - 2:524, accepted, in Oregon (implied); JPM - 652, accepted, in Oregon (implied); JPM2 - 795, accepted, in Oregon (implied); PEK - 465, accepted, in Oregon (explicit); VP - 3:361, accepted, in Oregon (implied).

Trifolium lemmonii S. Watson
IL - 2:530, accepted, in Oregon (explicit); IN - 3b:226, accepted, not in Oregon, Not treated. Found in Sierra and Plumas cos. of CA, enters NV in southern Washoe Co. close to IN border and conceivably may be found within it.; JPM - 652, accepted, not in Oregon; JPM2 - 795, accepted, not in Oregon; Kartesz & Meacham, 2007 - accepted, not in Oregon; KZ - 2:780, accepted; PEK - 463, accepted, in Oregon (explicit).

Trifolium longipes Nutt. var. longipes
FPN - 277, accepted, in Oregon (explicit); JPM - 652, excluded, not in Oregon, text under T. longipes says: "var. longipes not present in CA"; VP - 3:364, accepted, in Oregon (implied).

Vicia americana Muhl. ex Willd. var. minor Hook.
FPN - 279, accepted, not in Oregon; IN - 3b:200, accepted, in Oregon (implied); VP - 3:374, accepted, in Oregon (implied).

Vicia disperma DC.
FPN - 279, accepted, no geog. info. given, to be expected in our area; IL - 2:618, accepted, not in Oregon; JPM - 656, accepted, not in Oregon; JPM2 - 800, accepted, not in Oregon.

Vicia lathyroides L.
JPM - 656, accepted, in Oregon (implied); JPM2 - 800, accepted, in Oregon (implied).

Vicia ludoviciana Nutt. var. ludoviciana
IN - 3b:200, matched with Vicia ludoviciana (subtaxon form), accepted, in Oregon (explicit); JPM - 656, accepted, not in Oregon.

Synonyms:
Vicia exigua Nutt.
IL - 2:616, accepted, in Oregon (explicit); Kartesz & Meacham, 2007 - synonym for Vicia ludoviciana ssp. ludoviciana, not in Oregon; KZ - 2:799, synonym for Vicia ludoviciana ssp. ludoviciana; Lasseter, 1984 - ; PEK - 492, accepted, in Oregon (explicit).
